3. Insert the Agenda Item Number and Title
4. Tick box to indicate type of interest
5. Describe the nature of your interest
6. Describe the extent of your interest (if seeking to participate in the matter under S. 5.68 & 5.69 of the Act)

DISCLOSURE OF INTERESTS (NOTES FOR YOUR GUIDANCE)

A Member, who has a Financial Interest in any matter to be discussed at a Council or Committee Meeting that will be attended by the Member, must disclose the nature of the interest:

- a) In a written notice given to the Chief Executive Officer before the Meeting or;
- b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- a) Preside at the part of the Meeting, relating to the matter or;
- b) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the Local Government Act 1995.

NOTES ON FINANCIAL INTEREST (NOTES FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a Financial Interest in a matter. These notes will be included in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measured in money terms. There are exceptions in the Local Government Act 1995 but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc.), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. **If in doubt declare.**
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences.

The only exceptions are:

- 6.1 Where the Councillor discloses the extent of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the Local Government Act; or
- 6.2 Where the Minister allows the Councillor to participate under s.5.69(3) of the Local Government Act, with or without conditions.

INTERESTS AFFECTING IMPARTIALITY DEFINITION:

An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'. A member who has an Interest Affecting Impartiality in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- a) in a written notice given to the Chief Executive Officer before the Meeting; or
- b) at the Meeting, immediately before the matter is discussed

IMPACT OF AN IMPARTIALITY DISCLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote. With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

SUMMARY

The purpose of this report is for the Council to consider the reviewed Standard Operating Procedures for Bush Fire Brigades for 2024-2025.

BACKGROUND

The Standard Operating Procedures (SOPs) provide information that will assist the Shire’s Bush Fire Brigade volunteer members to conduct their activities safely and in accordance with legislation and established Shire and Department of Fire and Emergency Services procedures.

Each year, following review by the Community Emergency Services Manager and senior staff, the SOPs are provided to the Bush Fire Advisory Committee for comment and update if required. The SOPs are then presented to the Council for consideration and endorsement if appropriate. The endorsed SOPs are circulated to all brigade members electronically and are also available on the Shire website.

COMMENT

All SOPs have been reviewed, and minor amendments have been made to the following:

- **SOP 4.11 Incident Control and Response – Wind Farm Fire Fighting Procedures –** Inserted Wind Farm Water Point Location Map.

The following new SOP has been included:

- **SOP 4.13 Incident Control and Response – Lithium-ion Battery** - To provide a standard procedure for volunteer bushfire fighters in the case of a lithium-ion battery fire.

SUMMARY

Council to consider a referral by the Western Australian Planning Commission (WAPC) seeking the Shire’s comments and a recommendation on a proposed subdivision (WAPC Reference: 200623).

The Western Australian Planning Commission is the determining authority for the application.

BACKGROUND

Existing Lot 5445 has an area of 72.84 hectares. Adjacent Lot 5446 is to the immediate south of Lot 5445 has an area of 96.28 hectares.

Lot 5446 is traversed by Paul Valley Road. Both lots are vacant and used for agricultural purposes.

A location plan is included over page for ease of reference.

Above: Location Plan

COMMENT

Description of Application

The application will result in a boundary adjustment between the two existing lots – refer Attachment 11.1.1

The size of Lot 5445 will be increased from 72.84 hectares to 127.29 hectares. The size of Lot 5446 will be decreased from 96.28 hectares to 41.83 hectares.

The benefit of the application is that it creates 2 individual lots that will be completely separated by the road reserve which is reflective of the existing farm management practices for the properties.

Relevant State Planning Policy

The WAPC has a Development Control Policy 3.4 that outlines the circumstances where the subdivision of rural land can be considered.

The Policy requirements are summarised below:

Clause 6.3	Assessment / Officer Comment
Multiple lots in one ownership may be rationalised provided that:	
(a) there is no increase in the number of lots;	No increase in the number of lots is proposed.
(b) the new boundaries achieve improved environmental and land management practices and minimise adverse impacts on rural land use	The proposal is an adjustment between existing lot boundaries, and will not result in any adverse impacts. Farming activities can continue on both lots. The proposed boundary re-alignment is logical.
(c) no new roads are created, unless supported by the local government;	No new roads are proposed.
(d) new vehicle access points on State roads are minimised;	No access points to state roads are proposed.
(e) rural living sized lots (1-40 hectares), created as a result of the rationalisation, have appropriate buffer from adjoining farming uses and water resources, and may have notifications placed on title advising that the lot is in a rural area and may be impacted by primary production.	Both lots will have areas above 40 hectares.

CONSULTATION

The WAPC has referred the application to Western Power; Water Corporation; Department of Primary Industries and Regional Development; the Department of Biodiversity, Conservation and Attractions, the Department of Energy, Mines and Industry Regulation, the Department of Primary Industries and Regional Development, and the Shire for comment.

Comments were requested by the 20 September 2024. The Shire has been granted additional time for this report to be considered at the October 2024 Council meeting.

STATUTORY ENVIRONMENT

Planning and Development Act 2005 – Section 142, Part 10, Division 2 sets out the consultation requirements for subdivision.

Section 143, Part 10, Division 2 sets out the WAPC’s duties when dealing with a plan of subdivision.

Shire of Tambellup Town Planning Scheme No 2 (the Scheme) – The lots subject of this report are zoned Farming under the Scheme.

Clause 6.6.4(b) of the Scheme enables Council to consider subdivision where ‘lots are for farm adjustment and erection of dwellings is restricted.’

SUMMARY

The purpose of this report is for the Council to consider an application for workers’ accommodation on Lot 2386 (No 627) Brown Road, Moonies Hill.

BACKGROUND

The majority of the lot is cleared with pockets of vegetation. The lot has an area of approximately 64.7 hectares and is used for agricultural purposes.

There is an existing house and various outbuildings on the lot.

The lot is south of the intersection of Brown Road and Paul Valley Road in Moonies Hill – refer to location plan over page.

Above: Location Plan showing Lot 2386 (red outline)

COMMENT

Description of Development

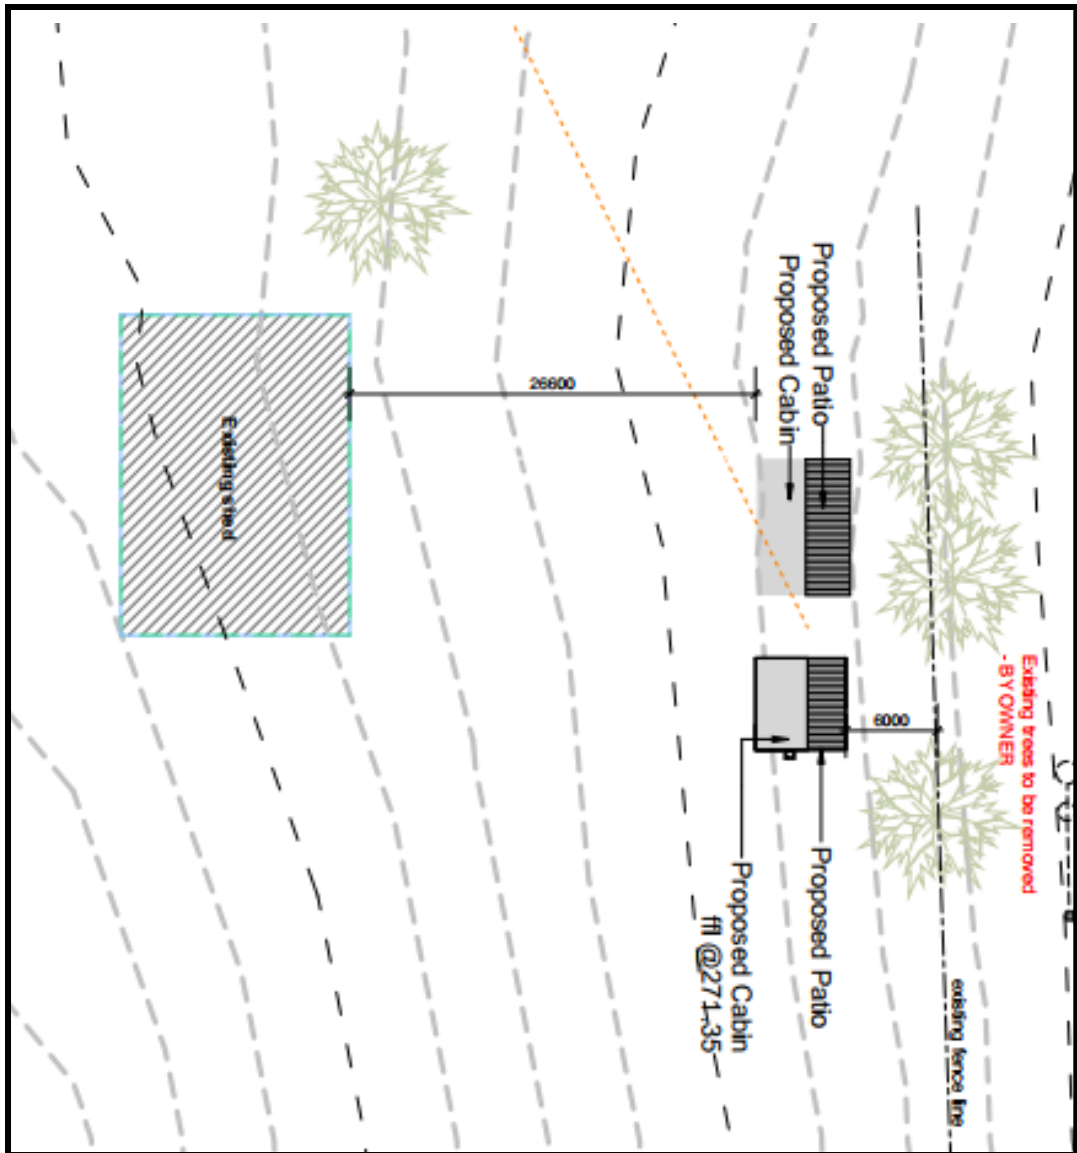

The owners of Lot 2386 propose to construct two cabins on the property to be used for seasonal workers.

One cabin will comprise of two separate bedrooms with their own ensuite. Each bedroom will have their own access.

A second cabin is proposed with an open living area, kitchen and laundry that can be used by farm workers.

The plans are included as Attachment 11.2.1.

The cabins are proposed to the east of an existing shed.

The aerial below shows the existing shed and indicative location of the cabins.

Above: Plan by TPI. Not to scale.

The two cabins are proposed to be used for seasonal staff involved in farm work. Generally, the owner employs 1-2 seasonal staff at each seeding and harvest period. Seeding generally occurs late March to late May, and harvest between late October to early January.

It is not uncommon for seasonal workers to be employed outside of these busy periods to assist with general farm duties.

Zoning and Land Use Permissibility

The lot is zoned 'Farming' under the Shire of Tambellup Town Planning Scheme No 2 ('the Scheme'). Under the Scheme, Table 1 lists land uses in a table format with different symbols listed under different zones.

Each symbol has a different meaning and determines whether Council has discretion to consider a land use in the corresponding zone (ie if the land use is permitted, discretionary or requires advertising).

Part of the planning assessment involves determining which land use definition from the Scheme best fits the proposal. The Scheme has no definition for ‘workers accommodation’ and the use is not listed in Table 1. This is referred to as a ‘Use Not Listed’.

Council has three options when dealing with a ‘Use Not Listed’ under Clause 3.3.2 of the Scheme as follows:

Option 1 Determine that the workers accommodation use is consistent with the objectives of the Farming zone and is therefore permitted.

Comment: TPI does not recommend Option 1, as it will set a precedent for all applications for workers accommodation to be treated as a permitted use in the Farming zone. This is undesirable as there may be locations or cases where the Shire Council does not support the land use.

Option 2 Determine that the proposed workers accommodation use may be consistent with the objectives of the Farming zone, and therefore follow the advertising procedures of Clause 8.4 in considering an application for development approval.

Comment: There are clear benefits and practicalities in allowing farmers to house workers associated with general farm management.

The proposed accommodation will assist with ongoing use of the land for agricultural purposes which may be consistent with the objective of the Farming zone *‘to ensure the continuation of broad hectare farming as the principal land use in the District and encouraging where appropriate the retention and expansion of agricultural activities’*.

TPI recommends Council pursue Option 2.

Option 3 Determine that the workers accommodation use is not consistent with the objectives of the Farming zone and is therefore not permitted.

Comment: Option 3 is not recommended. The application has merit, and Council has discretion to consider a wide range of development in the Farming zone.

CONSULTATION

To expedite the process, Shire Administration has organised advertising of the application. Advertising closes on the 6 November 2024.

Development (Local Planning Schemes) Regulations 2015 were gazetted on 25 August 2015 and became effective on 19 October 2015.

The Regulations include ‘Deemed Provisions’ that automatically apply statewide.

Clause 67 outlines the matters to be considered by the local government including and not limited to the aims and provisions of the Scheme, orderly and proper planning, any approved state policy, the compatibility of the development with its setting including to development on adjoining land, amenity, loading, access, traffic and any submissions received on a proposal.

Where an application is being processed as a 'Use Not Listed', it is classified as a 'complex application' under the Regulations. Public advertising must be for a minimum of 28 days.

Clause 82(1) gives the local government the ability to delegate its powers to the Chief Executive Officer. Clause 82(2) requires any delegation to be by Absolute Majority.

SUMMARY

The Council to consider the monthly financial statements for September 2024.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996* require a statement of financial activity to be prepared each month and prescribe the contents of that report and accompanying documents. The report is to be presented at an ordinary meeting of the Council within two months after the end of the month to which the report relates.

COMMENT

Each financial year, the Council is required to adopt a percentage or value to be used in the statement of financial activity for reporting material variances. As part of the 2024/25 budget process, the Council adopted 10% or \$10,000 (whichever is the greater) as the material variance for reporting purposes for the year.

The statement of financial activity identifies material variances, which is a requirement of the *Local Government (Financial Management) Regulations 1996*.

Final allocations are still being processed for the year ending 30 June 2024 which may affect the opening position for the current year. Depreciation for 2024/25 cannot be processed until the audit for the previous year is finalised, this will affect the variances reported in the statement of financial activity.

- (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
 - (b) budget estimates to the end of the month to which the statement relates; and*
 - (c) actual amounts of expenditure, revenue and income to the end of the relevant month; and*
 - (d) material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
 - (e) the net current assets at the end of the relevant month and a note containing a summary explaining the composition of the net current assets.*
- (2) Each statement of financial activity is to be accompanied by documents containing –*
- (a) [deleted].*
 - (b) an explanation of each of the material variances referred to in subregulation (1)(d); and*

SUMMARY

The Council to consider the list of payments made from the Municipal and Trust Funds during September 2024.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996* prescribe that a list of accounts paid under delegated authority by the CEO is to be prepared each month, providing sufficient information to identify the transactions.

The list is to be presented to the Council at the next ordinary meeting after the list is prepared and recorded in the minutes of that meeting.

COMMENT

r13. Lists of accounts

(1) If the local government has delegated authority to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared–

- (a) the payee’s name;*
- (b) the amount of the payment;*
- (c) the date of the payment; and*
- (d) sufficient information to identify the transaction.*

r13A. Payments by employees via purchasing cards

(1) If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared –

- (a) the payee’s name;*
- (b) the amount of the payment;*
- (c) the date of the payment;*
- (d) sufficient information to identify the payment.*

FINANCIAL IMPLICATIONS

The List of payments reports the payments made for the previous month from the Municipal and Trust Funds, and purchases made using Shire credit cards or purchasing cards.

POLICY IMPLICATIONS

Council Policy ‘2.1 Purchasing Policy’ provides guidance and restrictions relative to purchasing commitments.

11. Delivered Shire Trust and Performance 11.1 SoBT monitoring and reporting. This is the Shire workforce scoring all SCP pieces of work with a traffic light scoring system, and passing these results to all community members, quarterly.	Develop and implement a traffic light dashboard reporting system for all Corporate Business Plan initiatives.

SUMMARY

The purpose of this report is for the Council to receive the Corporate Business Plan 2023-2027 Quarterly Progress Report for the period July-September 2024.

BACKGROUND

Section 5.56(1) of the *Local Government Act 1995* requires all local governments to have a plan for the future of the district. In accordance with the *Local Government (Administration) Regulations 1996*, all local governments in Western Australia are required to have adopted two key documents: a Strategic Community Plan (SCP) and a Corporate Business Plan (CBP). These documents are supported by informing plans, strategies, and other documents. Together these documents drive the development of each local government’s Annual Budget.

The CBP sets a roadmap to achieve the first four years of the community’s aspirations as outlined in the ten-year SCP 2023-2027 ‘People Power’, which was adopted by the Council on 17 November 2022.

COMMENT

The annual review of the CBP was undertaken, with the revised document endorsed by the Council at the September 2024 Ordinary Council Meeting.

This report reflects progress on the initiatives contained in the Corporate Business Plan 2023-2027 for the period July - September 2024. The following table illustrates progress against initiatives scheduled to be actioned in the 2024-2025 financial year:

Status	Definition	Number of initiatives	%
Complete	Action has been completed	7	6%
On target	Action has commenced and is on track to be delivered on time and on budget	53	42%
Below target	Action has not commenced or has fallen behind its projected timeframe.	65	52%
TOTAL		125	100%

At this early stage in the financial year, it is pleasing to report that several initiatives are noted as complete, as follows:

3.4.7	Sealing and kerbing of all streets within both town sites	Scheduled works for 2024/2025 are complete - North Terrace, Taylor St
4.2.5	Launch and promotion of an on-line caravan park booking system for the Caravan Park.	This item relates to the Tambellup Caravan parks. The system established for the Broomehill Caravan Park will be utilised for the Tambellup Caravan Park and promoted when works are complete.
8.3.1	Investigate the land tenure possibilities and the potential use of the general store as an expanded civic and community precinct	General Store has been purchased privately and is currently being repaired.

8.3.3	Planning for extension of the Tambellup Shire Administration Office	VROC Repository MoU endorsed by Council to cease on 30 June 2026. Subsequent use of facility will accommodate staff and extension of Tambellup Offices plan has been abandoned.
10.3.3	Identification of energy efficiency improvements and installation of solar PV systems on Shire owned buildings that are major power consumers.	Tambellup Pavilion solar panels installed. No further sites identified to upgrade.
11.2.1	Undertaking specific initiatives to improve meaning and understanding of the Shire’s monthly financial reports.	Monthly financial report template updated from July 2023, monitor for feedback from Councillors, staff and community
12.4.2	Actively promote on-line library resources such as Borrowbox, Libby, Kanopy and Overdrive.	Links on Shire and CRC websites, monthly promotion in Topics

The progress on initiatives noted as ‘On Track’ ranges from just commenced, to almost complete, and ongoing. Many initiatives noted as ‘Below Target’ are not yet commenced.

The report as attached will be published for community information through the Shire website and in Topics.

SUMMARY

The purpose of this report is for the Council to set the fees and charges associated with the new community bus.

BACKGROUND

At the December 2023 Ordinary Council Meeting, the Council resolved to accept the donation of a 12-seater bus from the Tambellup Community Cropping Group Inc. (TCCG), to be used as a community bus. The purchase and fitting of a wheelchair hoist have subsequently been completed by TCCG, and the bus has been registered and insured by the Shire. A bull bar and spotlights are still to be fitted, to be funded by the TCCG, and procedures for day-to-day management and maintenance are being developed by Shire staff.

As the fees and charges have not been adopted through the Annual Budget process, the Council is required to set these and subsequently advertise these details for public information.

COMMENT

A comparison of fees charged by other local governments providing a community bus facility has been undertaken. Arrangements vary considerably; however the following fees were consistently applied:

- a refundable bond;
- the hire fee and/or mileage rate; and
- cleaning fee.

The income from hire fees will go some way to ensure the service is cost neutral to the Shire, however it is also important to ensure the hire costs are affordable and that utilisation is being maximised.

The Senior Management Team has discussed the matter, and the following fee structure is recommended:

Bond (refundable)	\$500.00 (no GST)
Hire fee – includes mileage of up to 500km and full tank of fuel – to be returned with a full tank of fuel	\$180.00/day inc. GST
Mileage fee – in excess of 500km	\$1.10/km inc. GST
Cleaning fee (if required)	\$60.00/hour inc. GST

These fees will apply for the remainder of the 2024/2025 financial year and will be reviewed during preparation of the 2025/2026 Annual Budget.

(1) *A local government may impose* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.*

** Absolute majority required.*

(2) *A fee or charge may be imposed for the following –*

- (a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;*
- (b) supplying a service or carrying out work at the request of a person;*
- (c) subject to section 5.94, providing information from local government records;*
- (d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;*
- (e) supplying goods;*
- (f) such other service as may be prescribed.*

(3) *Fees and charges are to be imposed when adopting the annual budget but may be –*

- (a) imposed* during a financial year; and*
- (b) amended* from time to time during a financial year.*

** Absolute majority required.*

s6.19. *Local government to give notice of fees and charges*

If a local government wishes to impose any fees or charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of –

- (a) its intention to do so; and*
- (b) the date from which it is proposed the fees or charges will be imposed.*

FINANCIAL IMPLICATIONS

Income from the hire of the community bus will be received. This will be offset by ongoing registration, insurance, housing and maintenance costs.

SUMMARY

The purpose of this report is for the Council to consider amendments to the 2024-2025 adopted budget.

BACKGROUND

The 2024-2025 annual budget was adopted by the Council at the 25 July 2024 Ordinary Council meeting.

Since the adoption of the budget in July, the WA Local Government Grants Commission have confirmed the Shire’s final allocation of funding for 2024-2025, which varies significantly to the estimate included in the budget.

Costings for the Tambellup Caravan Park development have now been received from the Quantity Surveyor. At the time of preparing the budget, the estimates for the siteworks, and headworks (electrical and hydraulic) were not known.

Amendments are required to the budget to incorporate these significant changes and allow staff to proceed with projects with the funds that are available.

COMMENT

WA Local Government Grants Commission

When adopting the budget each year, the actual amount of Financial Assistance Grants (FAGs) that the Shire is set to receive is typically unknown which is due to advance payments of FAGs being made in June each year.

The Department of Local Government, Sport and Cultural Industries (DLGSCI) have advised that this has occurred after every WA local government was either over or underpaid for 2023-2024, resulting in a negative adjustment in our case.

Advice received from the DLGSCI stated –

‘In June 2023, all councils were paid 100 per cent of the estimated 2023-24 entitlement in advance, as calculated at that point in time. Local Governments also received 25 per cent of the 2022-23 entitlement in the same year.

The Commission has reviewed the actual 2023-24 allocations with the entitlements calculated using the Commission's usual methodology. In doing so, the Commission has identified that the early payment of 100 per cent of the estimated 2023-24 entitlement has resulted in some local governments being overpaid in 2023-24 and some being underpaid compared with what the Commission would have allocated in this financial year.

In order to ensure the Commission's methodology applies, and to ensure fairness between local governments, the Commission will need to reverse this difference in the 2024-25 FA Grant allocation. This will ensure that the over and under payments reconcile with actual entitlements bringing the net effect to zero (\$0) over the two years of FA Grant funding.

Due to the Commonwealth's advance payment of 100 per cent of the estimated 2023-24 entitlement in advance, the Shire of Broomehill-Tambellup received \$2,126,383, excluding special projects. The Commission has identified that the Shire of Broomehill-Tambellup has been overpaid by \$123,964 for this 2023-24 FA Grant allocation. This means that the Shire's 2024-25 FA Grant allocation is expected to be reduced by approximately that amount next year.'

While a conservative approach is taken when preparing the budget to estimate what our allocation for the year will be, and the advice from the DLGSCI was taken into consideration, there is a deficit of \$185,200 in the Shire's FAGs allocations.

It is recommended that a budget amendment to reduce the allocation of \$400,000 against the Tambellup Railway Precinct by \$100,000 is approved, and the remaining deficit of \$85,200 be addressed through the mid-year review process.

The Council have approved construction of new public conveniences as part of this project and Local Roads and Community Infrastructure funding of \$290,962 is allocated for this. Further work on the Tambellup Railway Precinct can be factored into the 2025-2026 budget as the plans for this project progress, utilising funds held in the Townscape Reserve.

Tambellup Caravan Park

Costings from the Quantity Surveyor for siteworks, roadways, electrical and hydraulic headworks for the development weren't available at the time of preparing the budget. To proceed with the civil works element of the project, amendments to the budget are required to ensure sufficient funds are available.

Separate to the civil works, an order has been placed for three cabins, and construction of the laundry is quoted separately. An application was submitted for Regional Economic Development Scheme funding to purchase two cabins, on the basis that the Shire matched the grant funding. This was to be in addition to the three cabins ordered. We have been advised that our application was unsuccessful, however this provides the funds required to be used for civil works. The purchase of more cabins will need to be funded in future budgets.

It is proposed that the funds required to proceed with the development are transferred from the Building Reserve, which has a balance of \$716,200 at 30 June 2024. The Reserve is not already proposed to be utilised in 2024-2025. Use of funds from this Reserve for this project is in keeping with the purpose they are set aside.

The following amendments to the 2024-2025 budget are proposed –

	Adopted Budget	Revised Budget	Variance
03229.71 – Financial Assistance Grants – general	\$177,200	\$49,800	(\$127,400)
03230.71 – Financial Assistance Grants – roads	\$135,000	\$77,200	(\$57,800)
LR404 – Tambellup Railway Precinct	\$400,000	\$300,000	\$100,000
13157.72 – Tamb Caravan Park – capital grants	\$841,000	\$650,000	(\$191,000)
LR309 – Tamb Caravan Park – cabins/laundry	\$1,099,000	\$585,000	\$514,000
LR310 – Tamb Caravan Park – infrastructure	\$150,000	\$838,200	(\$688,200)
15072 – Transfer from Building Reserve	\$0	\$365,200	\$365,200
Deficit to be allocated at mid-year review			(\$85,200)

STATUTORY ENVIRONMENT

Local Government Act 1995

s6.8 Expenditure from municipal fund not included in annual budget.

(1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure –

(a) Is incurred in a financial year before the adoption of the annual budget by the local government;

(b) Is authorized in advance by resolution; or*

(c) Is authorized in advance by the mayor or president in an emergency.

**Absolute majority required*

(1a) In subsection (1) –

“additional purpose” means a purpose for which no expenditure estimate is included in the local government’s annual budget.

FINANCIAL IMPLICATIONS

The deficit of \$85,200 remaining after the proposed amendments has an impact on the 2024-2025 budget and careful consideration and assessment of the budget in its entirety is required. This would best be done through the mid-year budget review process in February 2025.

The amendments for the Tambellup Caravan Park will allow staff to proceed with the development and obtain quotes and tendering for the civil works, knowing sufficient funds are available.

POLICY IMPLICATIONS

RISK MANAGEMENT IMPLICATIONS

This item has been evaluated against the Shire’s Risk Assessment and Acceptance Criteria. The perceived level of risk is considered to be “Low” risk and can be managed by routine procedures and with current resources.

ASSET MANAGEMENT IMPLICATIONS

The Tambellup Caravan Park is a new development which will be factored into asset management planning and maintenance.
