## TAMBELLUP POLICE STATION

Tambellup Police Station are making inquiries into a number of recent fires in the local Tambellup area that appear to have been deliberately lit.

We would appreciate hearing from anyone who may have seen anything unusual or may have information about any suspicious persons or vehicles seen in the general area to where the fires occurred.

Police would also like to hear from anyone who has had an unexplained/possibly deliberately lit fire in their paddocks from April 2012 to January 2013.

Please contact I/C constable Bev BRADY/Sgt Graham BLACK from Tambellup Police Station on 9825 1003 or mobile 0439 963 283.

Thank you to everyone that responded so quickly to the fire on our properties on Wednesday January 2nd. Your efforts were very much appreciated. The Boyles, Simpsons and Taylors

We would like to thank the people who attended to the recent fires on our property. Your prompt response and action minimized the damage and for that we are very grateful. Many thanks Brian and Anne Aylmore

The next meeting of Council will be held on Thursday 21 February 2013 commencing at 4.00pm in the Tambellup Council Chambers. Members of the public are welcome to attend all Council meetings.

### WHATS BEEN HAPPENING OVER DECEMBER AND JANUARY?

The works crew was fully occupied just prior to Christmas carrying out urgent repairs to roads in the south east section of the Shire, following in excess of 150mm of rain in the area over a three hour period. The deluge caused flooding in some areas, with significant damage to roads and culverts. There's always a positive to come out of a negative, and in this case it is the lakes in the area that have filled, notably Anderson Lake which has seen some boating, water skiing and jet skiing action for the first time in many years.

Many of the works crew took the opportunity to take annual leave over the Christmas break, leaving the 'skeleton' crew in charge. A major project over this period was pruning roadside vegetation on Tambellup West Rd, in preparation for road widening this year.

Residents may have noticed sand being carted in to the site of the new Seniors Units - this is an exciting stage, after so long in the making. As previously advised, Council has endorsed the designs for the facility, and the project managers are now finalising tender and contract documents ready to advertise the project for tender. It is anticipated this process will be completed by the end of March, and construction will commence by the end of June.

Prior to the Christmas break, the Broomehill Administration office and library was relocated to the Broomehill Hall, to enable the office renovation works to commence. Siegrid is now working from the Hall, and all existing services are available. The renovations are expected to take up to six months to complete, and will result in a bright new library and reception area, and storage for Council records. Siegrid is looking forward to that time!

Our volunteer fire brigades were kept busy over the holiday period, with a number of fires occurring between Christmas and New Year, and again following the stormy weather mid January. Many thanks to those who attended each call out.

### DISPOSAL OF WIRE FENCING AT THE REFUSE SITES

Council has always taken old wire farm fencing at its tip sites and both sites have an area where old wire fencing can be placed. This is a recyclable product however if the fencing is rolled up with wooden posts in it, it will not be taken by the recycling companies and then has to be put into landfill.

Old fencing is bulky, difficult to compact and fills up our trenches very quickly which necessitates the digging of more trenches which comes at a cost. Every trench dug reduces the life of our refuse sites. If you have old wire fencing that is to be delivered to the Broomehill or Tambellup refuse sites it would be appreciated if the wooden posts are removed before delivery.

### RESTRICTED AND PROHIBITED BURNING PERIOD

All residents are advised the **PROHIBITED** burning period commenced on **1 NOVEMBER 2012** and continues through until **14 FEBRUARY 2013** inclusive. **The lighting of fires during this period is prohibited. To report a fire, please phone 000.**

For further information contact the Shire Office or your nearest Fire Control Officer.

### HARVEST AND VEHICLE MOVEMENT BANS

Residents are reminded the Harvest Ban Hotline number for the whole Shire is **98251042**. The service provides up-to-date information seven days a week.

Harvest and Vehicle Movement bans are broadcast over ABC radio and RadioWest 1071 as they are implemented. The Shire also has in place a Harvest Ban SMS service for residents. If you would like to register to receive notification of harvest bans by SMS, please contact Pam at the Shire office on 98253555.

### COUNCIL AGENDAS AND MINUTES

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request, for people with a disability.

Agendas and Minutes can be accessed online by browsing to [www.shirebt.wa.gov.au](http://www.shirebt.wa.gov.au) and clicking on the "Our Shire" tab.

Farmsafe WA is coordinating a project funded by the Department of Health, Western Australia which will involve the delivery of a series of free community workshops throughout the Great Southern region during February and April, 2013.

Delivered in partnership with St John Ambulance, Fire and Emergency Service Authority (FESA) and the WA Regional Police, the workshops will include interactive skill stations run by the different emergency services.

The workshops will cover practical information on how to deal with medical and other emergencies in rural environments and will cover topics such as:

- Emergency planning and preparedness
- Practical skills and specific scenario demonstrations
- The role each emergency service plays in the community
- Who to call in a medical emergency
- A chance to meet your local emergency service officials

**“A great informative afternoon”**

## Editorial

Farmsafe WA Alliance- January 2013

### FREE Emergency Care and Injury Management Workshops in the Great Southern

During February and April 2013 communities in the Great Southern region will be hosting a series of **FREE workshops** on the topic of Emergency Care and Injury Management.

Farmsafe WA, the organising body behind these workshops, is an independent, not-for-profit, non-government organisation which encourages and leads the way to safer farming by promoting positive farm safety practices.

The workshops, which have been funded by the Department of Health, are open for all rural community members to attend and will be presented in partnership with Fire and Emergency Services Authority of WA (FESA), WA Regional Police and St John Ambulance. Without the valuable support provided by these partners, the workshops would not be possible.

Conducted as a set of interactive skill stations each led by the different emergency services, workshop participants will acquire knowledge and skills in topics such as practical first aid, responding to and managing an emergency situation, being prepared for an emergency and the role these key organisations play in the community.

The host communities for the workshops will be **Esperance** (19th February, 2–5pm), **Ravensthorpe** (21st February, 1–4pm) and **Newdegate** (23rd February, 10am–1pm) with further workshops to be conducted in **Mt Barker** (11th April, 9am–12pm), **Kojonup** (11th April, 3pm–6pm) and **Wagin** (12th April, 10am–1pm).

Refreshments will be provided and all participants will receive a free show bag including safety information and resources. Additionally, the **first 30 people to register and attend the workshops at each location will receive a free Snake Bite Kit**, compliments of Farmsafe WA and St John Ambulance.

Farmsafe WA Alliance encourages people from all age ranges and walks of life to attend this community event—at no cost it is a great opportunity to learn new skills and meet your local emergency service representatives. Registrations are now open, and with limited places available please remember to register soon!

To register your attendance at your local workshop or for more information, please visit the Farmsafe WA Alliance website at [www.farmsafewa.org](http://www.farmsafewa.org) or contact the office by emailing [admin@farmsafewa.org](mailto:admin@farmsafewa.org) or calling (08) 9359 4118.

## Thank you for Sophie's Fund From the Aylmores: An Update

**Sophie's**  
FUND  
ME/CFS

As promised, we would like to give you an update on what has been happening with the funds that were so generously raised for "Sophie's Fund" by you, our wonderful community.

Some of the funds were used for tests to be sent to overseas laboratories. The results from these tests have helped us and other people enormously. We have discovered that Sophie has Lyme disease and other associated co-infections. The original blood tests that we had done at Red Labs in Belgium discovered Soph had Q-Fever but that was just the tip of the iceberg. When it was suggested to us that we had Soph further tested to see if she had Lymes disease we actually thought this was not going to be the case as at that point all the things we had read indicated that Lymes wasn't in Australia. When she was alive my Mum always said that she felt a miracle would happen for us to find out what was wrong with our Soph. Well, we truly believe that "Sophie's Fund" provided that miracle. We most likely would not have had further tests sent overseas if it hadn't been for the funds provided by you and we would not have discovered what we now know.

Unfortunately because Sophie went undiagnosed and untreated for nearly 10 years she has developed what is known as Late Stage Lymes Disease or Chronic Lyme Disease. There is very little known about late stage lymes disease and the best treatment for it in Australia. This leads me to the next thing that has helped us through the funds raised by "Sophie's Fund". Last year Dr Hugh Derham went on a research trip paid for by the fund. He visited the CFS/ME clinic in Belgium and also went on to visit a Lymes Clinic in Germany and came back with some knowledge on treatment that has been helpful to Soph and other patients Australia wide.

Late stage Lymes has been discovered to be the underlying cause of CFS with quite a number of people in WA. 'Sophie's Fund' further helped Soph by providing funds for us to purchase her a special bed. Soph spends most of her time in bed so this has made a huge difference to her quality of life and will be very helpful for her rehabilitation.

As you can see 'Sophie's Fund' has helped us and others more then we could ever have imagined. It is so hard to find the words to express our appreciation so our family would just like to say a huge thank you to all. We are very grateful for the continuous support and kindness shown to us and we wish you all a healthy, happy and prosperous 2013.

## Gen's Junk

### **CONTRACTOR REQUIRED!**

We are seeking a contract team who will be available to conduct weed control works during the autumn/spring period over the next couple of years. We have funding to undertake golden wattle control for a period of time, and are seeking a team to do the job. The work will require chemical application, some manual work (usually chainsaw/lopper etc), some sites may require removing the debris to a designated location which will require a truck. If you have the capacity to undertake this work, we would like to hear from you ASAP. Contact Gen at the Gillamii centre to express interest in the work.

### **FUNDING AVAILABLE - Golden Wattle Eradication Project**

If you have golden wattle present on your property and would like some help to remove it. Please contact us. This applies for small land-holders also as we would like to do our best to really address the problem in the Tenterden townsite. Feel free to contact me if you would like to find out how we will be going about this funding program. I also would like to hear if you have sighted golden wattle anywhere as we would like to get a record of as much of it as possible. This funding is available through the National Biodiversity Fund program.

### **FUNDING AVAILABLE – Fencing for remnants**

We have fencing available through the Federal Biodiversity Fund delivered by South Coast NRM for those who are in the area west of the Cranbrook townsite. The area between Rocky Gully, through the Frankland and Tenterden area, and slightly north of Cranbrook to the wetland areas. If you fall within these areas and have a reasonably healthy remnant that you would like to protect, we can offer fencing over the next three years. Contact me to register your interest.

### **Carbon Farming Initiative Event**

We are hosting an information session in partnership with South Coast Natural Resource Management on what the Carbon Farming Initiative (CFI) will mean to farmers. This event will be targeted to our sector and will provide more detail on how farmers can benefit from the scheme. This is your chance to come along and ask questions directly. Date is scheduled for late March to be confirmed.

Contact Gen to register your interest.

### **2013 Ladies Day**

We are intending to host another ladies day in spring 2013. We are looking for some interesting enterprises that we can showcase on our tour. If you have anything you think the local ladies may enjoy touring/seeing/sampling, please get in touch with us at Gillamii. We are in the early stages of developing the tour so keen to hear from anyone.

**THE NATIONALS** *for Regional WA*

# Seizing the opportunity

*The Nationals WA's vision for agriculture.*

## SUMMARY OF THE NATIONALS WA'S VISION FOR AGRICULTURE

A thriving agricultural industry means thriving regional communities. Australian agriculture is uniquely placed to capitalise on Asia's increasing demand for food. With the right investment, agriculture can achieve the transformation we've seen in mining and resources, which will benefit regional WA and the entire state.

The Nationals WA's landmark policy commits **\$300 million** from *Royalties for Regions*, should we win the balance of power, to help the agricultural sector capitalise on these opportunities.

### Key elements of The Nationals' vision for agriculture:

**Research and Development (R&D)** – investing in grassroots R&D and grants to grower groups for research, development and extension projects. We will identify potential new markets and improve access for WA's agricultural produce. This includes \$10 million for a Sheep Industry Development Centre in Katanning.

**Land and water** – better understanding available land and water resources and capitalising on them. This includes mine de-watering, unlocking the Ord, exploring the Swan Coastal Plain, improving water efficiency and developing alternatives to support the expansion of horticulture in the South West and Great Southern.

**Getting produce to market** – improving transport, storage, seaports, airports, rail, processing and packaging facilities to ensure WA's quality produce can be transported to growing markets. This includes a \$75 million Infrastructure Investment Fund to begin tackling constraints.

**Investment and trade** – building on our good reputation and promoting the investment opportunities that exist in our food and agricultural industries. We will boost biosecurity measures to respond to biosecurity threats.

**Skills** – creating a skilled workforce that can take advantage of the opportunities that exist. We will help industry to raise the profile of agriculture; boost business skills.

This **\$300 million** commitment over five years is new money to help build the sector's future.

There is one meeting each school term, where ideas, suggestions and dates for workshops are discussed. You do not have to be a mum or dad of a young child. Grandparents, aunties and uncles and friends are **ALL WELCOME** to participate.

If you would like to become a member, please talk to Sue Sheridan or Jane Cunningham.

'It takes a village to raise a child' ....This is an opportunity for you to become part of the village!

## How to run your club

**Are you a new committee member? Or are you helping to run a club and would like to check if there is a better way to do things?**

This informative session will cover the following essentials for running a successful club:

- How to recruit new committee members and keep the ones you have
- How having a constitution makes your life easier
- Developing policies and procedures
- Effective and efficient meetings

Workbooks and sandwiches, tea and coffee will be provided.

Please note that this is an alcohol-free event.

### Want a money- can't-buy sporting experience?

If you're between 15 and 30 years old and volunteer in community sport and recreation, you could win one of 10 VIP behind-the-scenes experiences at a major sporting event as part of the **Ultimate Volunteer Reward**.

Eligible volunteers include sports coaches, team managers, umpires, referees and even those who help out around the club or with the sausage sizzle.

As part of the Ultimate Volunteer Reward, five rookies (with 5-40 hours volunteering experience) and five seasoned volunteers (with 40+ hours experience) will have the opportunity to see what happens on event day and shadow those closest to the action with the Perth Wildcats, Western Force, West Coast Eagles, West Coast Fever, and at the Drug Aware Margaret River Pro.

Enter before 1 March 2013 for a chance to win. Terms and conditions apply.

Nominate a volunteer you know or enter yourself at [dsr.wa.gov.au/reward](http://dsr.wa.gov.au/reward).

### WOULD UP TO \$200 PER CHILD HELP PAY FOR THEIR SPORTING CLUB FEES?

KidSport will assist eligible families to receive up to \$200 annually for each of their children aged between 5 – 18 years, to subsidise fees to join a sport and recreation club.

Eligible families include those with health care cards or pension concession cards, or those referred by other community groups such as schools, juvenile justice teams, government agencies and health practitioners. These groups are known as referral agents.

#### *The process for accessing KidSport is simple!*

Kids and parents/guardians can complete the application by picking one up from the Shire of Broomehill-Tambellup office or their website. The parent/guardian fills in the application and takes it to be validated at the local government they reside in. A photocopy of the health care card or pension concession card must be attached.

*Alternatively*, referral agents may assist in filling out the application, complete their section on the back and give it to the parent/guardian to sign. The parent/guardian will take the voucher to the sport or recreation club for processing when registering their children. The club will then invoice the Shire. It's that easy! - *To find out who the Referral Agents are in your community please contact the Shire.*

For more information regarding **KidSport** please contact the Shire of Broomehill-Tambellup by calling (08) 9825 3555, visit the Shire website [www.shirebt.wa.gov.au](http://www.shirebt.wa.gov.au) or call/email the Club Development Officer, Amelia Bishop, on 0417 484 619, [cdo@shirebt.wa.gov.au](mailto:cdo@shirebt.wa.gov.au)

### CLUB DEVELOPMENT OFFICER BLOG—FEBRUARY 2013

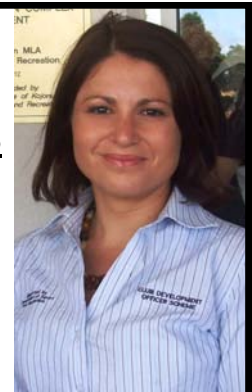

It has been great to see so many people participating in Summer sport considering how busy it can get over those precious harvesting months. I have also come across clubs that have really benefited from the Kidsport program and even recruited more members because of it!

Over the next twelve months I have some exciting things for you to see and do. This is not just to make your club good, but make it GREAT! So, keep your eyes and ears open for more information. However, if you have some ideas that you would like to run past me, feel free to send me an email or give me call and I will see what I can do.

## Social Enterprise Fund-Grants Program

### **Social Enterprise: the next big thing?**

#### **AN EXCITING NEW FUNDING OPPORTUNITY**

Social enterprise can provide a valuable source of income for not for profit organisations, helping them to meet their core objectives without relying entirely on fundraising.

The aim of the \$10million Social Enterprise Fund (SEF) is to stimulate greater interest within the sector in setting up and running social enterprises. The SEF will help existing social enterprises to grow and expand or enable new social enterprises to be established.

These social enterprises can be directly focused on achieving a social mission (for example job creation for long-term unemployed people) or they can be set up to create a new long-term revenue stream to help to make organisations become more sustainable. This new funding opportunity is a key component of the wider series of reforms for the not for profit sector, driven by the Partnership Forum.

#### **FIND OUT MORE...**

A number of information sessions are taking place in the coming months to help you find out more about the SEF and social enterprise more generally. The session will cover:

1. *Understanding and running successful social enterprises* - It will provide you with a solid understanding of what a social enterprise is, the different kinds of social enterprises, the process for establishing a social enterprise and help you make the decision as to whether this is the right option for your organisation.

2. *How to apply for support and investment under SEF* - The session will outline what support is available to social enterprises entering the program, the eligibility criteria, what investment is available and the application process for the SEF Grants Program

you to test out your social enterprise idea with an expert and receive valuable feedback. These advice surgeries are strongly recommended for all organisations before they apply. The advice surgeries will be held following the information sessions.

#### **A DIFFERENT TYPE OF FUND**

The Government has recognised that setting up and developing a social enterprise requires both investment and support. The SEF provides community sector not for profit organisations with a significant investment opportunity as well as the chance to benefit from significant support in shaping and developing their business ideas.

This support will be provided through a consortium managed by Social Ventures Australia (SVA) that includes WACOSS, Social Traders and Centre of Social Impact (CSI). The consortium will help organisations through the application process, as well as provide valuable business support and advice to those who are funded.

Visit [www.communities.wa.gov.au](http://www.communities.wa.gov.au) to find out more about the SEF Grants Program.

#### **NEXT STEPS...**

The first step in this support process is the opportunity to attend an Information Session and a one-to-one advice session on **19 February 2013** in **Perth**.

**Venue:** Technology Park, 2 Brodie-Hall Drive, Bentley  
**Time:** 9am-1pm, Advice surgeries: 2pm-5pm

To book into the Information Session and arrange an advice surgery, visit  
<http://www.socialventures.com.au/wa/form.php>

Registration is free. If you would like to send more than one person from your organisation, please complete a separate registration form for each attendee.

If you can't make the information or advice sessions call **08 6189 9000** to arrange a time to talk through your business idea with a member of the SEF consortium or to find out more about how to apply.
