WHAT YOU NEED TO KNOW...

FIRE ATTENDANCE

All brigade members attending a fire must:

- Turn to UHF channel 5
- Ensure you are wearing your personal protective equipment PPE (long pants and shirts, boots, gloves, goggles/glasses)
- Notify the FCO or incident controller that you are present at the fire
- Work Health & Safety Standards must be followed while working under an authorised officer/person.
- Children under 16 years of age are not permitted to attend fire incidents.

BUSH AND GRASS ON ANY LAND

Burning of bush and grass is totally prohibited between 1 November - 1 March inclusive, except for small heaps of garden refuse as described below. For all other fires, permits are required between 1 October – 31 October inclusive and between 2 March – 15 April inclusive.

BROADCAST OF HARVEST BANS

Shire Harvest Ban Hotline – 9825 1042 recorded message noting bans in place in the Shire.

ABC Radio - will broadcast harvest bans every day at 12.35pm.

SMS Messages of harvest and vehicle movement bans are sent to mobiles as soon as the information is received. Contact the Shire office if you would like to receive notification of harvest and movement bans by SMS.

Please do not rely on only one method of advice for Harvest Ban notification. A number of areas of the Shire have limited mobile reception. SMS messaging is not always an effective form of notification. The Shire's Harvest Ban Hotline is updated as soon as information is received and should be used as a reliable source of information.

Similarly, if you feel weather conditions are deteriorating but have not received advice of a ban through text message or radio broadcast, please contact your brigade FCO or check the Harvest Ban Hotline.

FIRE DANGER

No burning of any type is permitted, including incinerator, on days of CATASTROPHIC, EXTREME or HIGH Fire Danger.

HOW TO OBTAIN PERMITS

Burning permits can be obtained from the CBF, DCBF and Bush Fire Brigade FCO. When applying for a permit you will be required to provide house and lot numbers and the street/road of the property for which the permit is to apply. All conditions noted on the permit must be complied with.

WHEN AND HOW TO BURN GARDEN REFUSE

From 1 November to 1 March inclusive, small heaps (up to one cubic metre of garden refuse) may be burnt on the ground between 6.00pm and 11.00pm, BUT ONLY AFTER a 5 metre wide firebreak has been cleared around the fire and at least one able bodied person is in attendance at all times. The fire must be completely extinguished by midnight on the same day. Garden refuse cannot be burnt if the fire danger rating is High or above.

Composting of garden refuse is a preferred option to burning and is a more environmentally friendly alternative.

HINTS FOR BURNING:

1. Advise the permit issuing officer when you intend to burn.
2. Do not light fires on a hot windy day. Check the fire danger forecast.
3. Do not try to burn more than you can control.
4. Inform your neighbours.
5. Make sure sparks and smoke will not affect neighbours' washing, open windows or roadways.
6. Do not burn wet or green garden clippings, tyres, plastics and chemicals as they are likely to cause dense, acrid smoke.
7. Do not burn bottles or aerosol cans as they are likely to explode.
8. Cut or rake long grass around trees, buildings and fences before burning.
9. Burn against the wind.
10. On sloping blocks burn from the top down.
11. Have a hose or spray pack to dampen down fierce fires.
