An Invitation from the Committee and Staff of the TAMBELLUP CRC

The AGM of the Tambellup Community Resource Centre has been scheduled to take place on Tuesday 5th November at 7:00pm at the CRC building, Norrish Street, Tambellup.

WHY SHOULD YOU COME – Tambellup/ Broomehill community people that currently use the CRC say that the CRC should continue. Well, come and show us by attending the AGM. Have your say. What makes you use the CRC? What would you like to gain from the CRC? What would you like the CRC to offer? Ask your children what they want from the CRC.

Come and hear what our achievements and battles have been in the last 12 months. Come and find out what your membership does and what it is used for. Are you really a “member” or on the sidelines?

Are we meeting the communities needs??

Help elect or be apart of a vibrant community committee to support and work with our staff.

SO WHY SHOULD YOU CARE - because we need enthusiastic community members who are willing to be part of our CRC committee and to fill positions that make the committee function. A community is only as strong as its people.

Without a strong and supportive committee, we will not be able to use our funding wisely and in a manner that is community driven..... That is why you should care.

If any community member is genuinely interested in our CRC **committee** job descriptions, please contact Tambellup Community Resource Centre Ph: 08 98251177 Fax: 08 9825 1187

The next meeting of Council will be held on **Thursday 19 September 2019 commencing at 4.30pm** in the Tambellup Council Chambers. Members of the public are welcome to attend all Council meetings.

BUDGET OVERVIEW

The Annual Budget for the Shire of Broomehill-Tambellup was adopted by Council on 6 August 2019.

This year's budget totals \$16.2 million, representing \$6.3 million in operating expenditures and \$9.9 million in capital expenditures.

The Shire's Community Strategic Plan 2018-2028 and Corporate Business Plan 2018-2022 provide the strategic direction for Council and the Community. The budget process takes into consideration the strategies included in these plans, as well as the Strategic Resource Plan (asset management/long term financial planning) and Workforce Plan.

While the Strategic Resource Plan has identified that an increase in rate revenue of 5% annually is required to meet the Strategic Community Plan and Corporate Business Plan objectives, after lengthy discussion and review of competing priorities and demands, the Council has determined that a modest 3.5% increase from rate revenue will be applied to all rural and townsite properties this year. This generates additional revenue of \$87,900.

There have been no increases in refuse and recycling charges levied annually on townsite properties, which have remained at the same level since 2011.

KEY FEATURES

Broomehill Fire Shed

\$460,000 has been allocated for construction of a new fire shed in Broomehill. The Department of Fire and Emergency Services have allocated funding of \$400,000 from the Local Government Grants Scheme and the Shire will undertake site works.

Great Southern Housing Initiative

The Shire is a participant in the Great Southern Housing Initiative, which is a project to develop Independent Living Units and Key Worker Accommodation across seven local governments in the Great Southern Region.

The Shire of Broomehill-Tambellup (as lead agency) has been successful in securing \$10 million from the Building Better Regions Fund (BBRF). The Shire of Kojonup (as lead agency) has secured \$2.6 million from the Regional Aged Accommodation Program (RAAP). This funding will see construction of some 79 housing units for independent living seniors and regional employees across the seven local governments involved in the initiative.

- \$1,280,000 has been included for construction of 4 Independent Living Units in Broomehill. The units are funded by the RAAP, BBRF and the Shires Building Reserve.
- \$1,500,000 for construction of three staff houses; two in Broomehill and one in Tambellup. These houses will replace older housing stocks. An allocation from the BBRF will partially fund construction and the remainder funded by sale of four existing houses.
- \$1,550,000 has been allocated for construction of 3 'Government Regional Officers Housing' (GROH) residences in Tambellup. GROH have approached the Shire to build these, and they will be leased to GROH for long term tenure. These houses are funded partially by BBRF and the balance with loan funds. The lease payment from GROH will offset the loan repayments.
- \$255,000 for construction of 'Key Worker Accommodation' cabins at the Broomehill Caravan Park, funded by the BBRF and Building Reserve.

Parks, Gardens and Reserves

\$55,000 has been included to improve the drainage at the junior playground in Diprose Park which floods during periods of heavy rain, and install shade over this area. This project was deferred from the previous year.

Plant Replacement

The Shire strives to maintain a modern fleet of vehicles and equipment, and maintains a 10 Year Plant Replacement Program to achieve this objective. Optimum changeover times have been identified for plant and equipment, ensuring the Shire receives best value for money and to minimise the impact on annual budgets. Funds are held in the Plant Reserve which is used to achieve all changeovers and purchases included in the Plant Replacement Program. Any savings realised throughout the year on plant and equipment changeovers is retained in the Reserve for future requirements.

Along with changeover of the light fleet, a mini excavator and reel mower have been included for purchase this year.

Road Construction

A road construction program of \$1,730,200 is planned for the coming year. Council is fortunate to receive funding from the Regional Road Group and Roads to Recovery program, which assists in meeting the costs in completing the planned projects.

Regional Road Group funding is allocated on the basis that 2/3 in funding is provided by Main Roads WA and Councils are required to contribute 1/3. Roads to Recovery funding does not require a matching contribution.

The road program includes the following projects –

- Tambellup West Road – stabilise patches and reseal
- Gnowangerup-Tambellup Road – stabilise patches & reseal (2 sections)
- Toolbrunup Road – stabilise patches & reseal
- Pootenup Road – stabilise patches & reseal
- Toolbrunup Road – widen seal
- Pallinup Road – reconstruct & seal 4km

Upgrade of footpaths in the Broomehill and Tambellup townsites will commence during the year, and will continue in stages over the coming 4-5 years.

Holland Track Interpretive Centre

In recognising the importance of encouraging visitors to our Shire, the Council has allocated \$20,000 towards design of a ‘Holland Track Interpretive Centre’ and bring together other existing tourism plans for the Shire.

Water Harvesting

An application for funding of \$68,500 has been submitted to the ‘Community Water Supply Program’ which will be utilised to upgrade the water harvesting capability off the CBH expansion site. Water harvested will be utilised at the Broomehill Complex and Caravan Park. The total project cost is \$107,500.

Tambellup Caravan Park

Council purchased the former bowling club in Tambellup in 17/18, and has set aside \$10,000 to investigate development of this land into a Caravan Park.

Conclusion

The 2019/20 Budget provides for the operations of the Shire for the coming financial year and is a financially responsible budget that ensures services and facilities continue to be provided at the level ratepayers and residents have come to expect, while providing renewal of essential road and community assets for the enhancement of the whole Shire.

This summary is intended to provide a snapshot of the projects included in this year’s budget. Further information is available at the Shire office.

TOTAL BUDGET 2019/20

FROM THE AUGUST COUNCIL MEETING

Council considered and supported a request from Main Roads WA to amend the Restricted Access Vehicle Network Rating of North Stirling Road, Stirling Access Road, Beejenup Road, Yetemerup Road and White Road to RAV Network 7 subject to conditions including a recommendation that the speed limit on the unsealed sections of these roads be reduced to 70km/hr. Councillors and the CEO attended the Local Government Convention during August. This event provides an opportunity for elected members and staff to hear from industry and sector leaders on matters that are of relevance to all local governments around WA. The winners of the Showcase in Pixels competition (formerly Banners in the Terrace) were announced on the last day – congratulations to the students at Tambellup Primary School, and their teacher Mrs Amanda Bradshaw, for taking out first prize in the Upper Primary section. We also congratulate Cr Garry Sheridan on receiving an Association Honours Merit Award for service to the Broomehill-Tambellup community during his term on Council.

WORKS

During August, the construction crew completed gravel sheeting on Johnston Rd to alleviate a dangerously slippery section of road. Repairs and patching on Warrenup Road, Pallinup Road and Toolbrunup Road have also been completed.

The Parks and Gardens team continues to improve garden beds in Broomehill and Tambellup, replacing plants where there are gaps and mulching. With the rain and some slightly warmer days, the weeds are flourishing, and weed control, both hand weeding and spraying, is a key activity at this time of the year. The ovals are looking magnificent with regular mowing encouraging the grass to spread and develop a durable surface. Spraying for beetle infestation will be undertaken shortly, using a recommended nontoxic product.

Maintenance grading was completed on the following roads during late July and August: Heron Rd, Norrish Rd, Eureka Rd, Jam Creek Rd, Batchelor North Rd, Marshall Rd, Tieline North Rd, Curnow Rd, Fletcher Rd, Collins Rd, Mindora Rd, Johnston Rd, Wansbrough West Rd, Watergarrup Rd, Hankinson Rd, Saggers Rd, Temby Rd

LOT 22 TAYLOR ST TAMBELLUP

Residents will have noticed the recent excavation that has taken place at Lot 22 Taylor St in Tambellup. According to local historical records, from the 1930's the site was used as an engineering workshop and powerhouse prior to the town's connection to the main power grid. In more recent years, the shed on site was leased to a local business and used to house vehicles and equipment associated with that business. The shed was demolished a number of years ago, and an underground diesel tank was removed as part of the demolition.

Soil testing of the site recently determined there was a level of diesel contamination onsite. As the owners of the lot, the Shire was obliged to address the contamination issue and engaged the services of an environmental consultant to determine the extent and level of contamination. The area affected measured approximately 30 metres by 20 metres, to a depth of three metres. Fortunately, and thanks to the heavy clay in this area, the contamination had not reached the water table.

The excavation was completed under the full supervision of the environmental consultant – over possibly the coldest days we have had this winter! Approximately half the soil excavated was free from contamination however the Shire is required to ensure the disposal and remediation of the contaminated soil does not impact the environment any further. With regional Class 3 waste sites unable to accept the contaminated soil, and the only other option being to truck the soil to the Suez Landfill Site at Bannister, the Department of Water & Environmental Regulation (DWER) approved the Shire's proposal to remediate the soil locally.

The process, called bioremediation, involves spreading the soil on an area with a clay base (to minimise the risk of further ground contamination), and covering with matter containing microorganisms which 'eat' the hydrocarbons (diesel). The soil is turned over on a regular basis over a number of years to assist the process, and will eventually be contaminant free.

The contaminated soil has been transported to a local site with the permission of the landowners, and the Shire will continue to manage the bioremediation process at this site into the future.

The cost of managing the issue is significant. Council has insurance cover that deals with issues such as this, and a claim has been lodged. In the meantime, works will continue to ensure the remediation of the excavated site is completed in accordance with DWER guidelines. The environmental consultant is confident all contaminated soil has been removed, and a good margin has been taken around all areas. The timing of the work has not been ideal, with rain causing water to pool at the bottom of the hole, however this has been pumped out and following treatment of exposed surfaces, the site will be backfilled with clean soil and compacted to specifications provided by a civil engineer, to provide a suitable site for the construction of two new houses. These houses are part of the Great Southern Housing Initiative project.

Council has had considerable discussion over the merits of using this site for housing as opposed to purchasing alternative land in the townsite. Regardless of the decision taken, a landowner (in this case the Shire) is responsible for cleaning up known contamination on land that it owns or manages. The cost to remediate this site will be incurred whether the site is used for housing or not. If the decision had been taken not to use the site, the Shire would incur additional expense in purchasing suitable land for housing.

We look forward to the completion of this phase of the project, and the beginning of construction.

If you require further information on this matter please contact the CEO.

GREAT SOUTHERN HOUSING INITIATIVE

The housing project continues to gain momentum, with Council awarding the tender for the construction of four Independent Living Units in Broomehill to Albany business KBuilt Constructions. Work has commenced on the site, at the corner of Javelin and Janus Streets, with the Shire delivering sand for the house pads during the last week in August. The designs for the two houses to be constructed on the University block in Broomehill have been finalised, and we anticipate contracts will be signed very soon. Slabs have been laid at the Parnell St and Lot 17 Taylor St sites, and once the hole is filled and compacted at Lot 22 Taylor St works will progress.

The project was initiated by the Shires in the region based on a lack of quality accommodation for workers in our towns. The two Broomehill houses and one Tambellup house will be retained by the Shire to accommodate Shire employees. Older Shire housing in both towns will be sold off as the new properties become available.

The remaining three houses in Tambellup will be leased on a long term arrangement to the Department of Communities to provide accommodation for government employees working in the town.

Keith Williams, Katie Woodhams (KBuilt Constructions) and Lawrence Cuthbert (H&H Architects) signing the contract for the ILU construction.

LOCAL GOVERNMENT ELECTIONS – 19 OCTOBER 2019

An Ordinary Postal Election will be held on Saturday, 19 October 2019 in the Shire of Broomehill-Tambellup to fill three vacancies each for a four year term. Nominations open on Thursday, 5 September 2019 and close at 4.00pm Thursday, 12 September 2019. More information is included in this edition of the Topics and will follow in the next month.

GREAT SOUTHERN TREASURES - BLOOM FESTIVAL

The 2019 Bloom Festival kicks off on 21 September 2019, with a huge range of events planned across the Great Southern Treasures shires – Woodanilling, Kojonup, Katanning, Kent, Broomehill-Tambellup, Cranbrook, Gnowangerup and Plantagenet. Our Shire is represented, with four events planned over the four weeks of the Festival:

- ‘Books and Blooms’ at the Henry Jones Winery and Café, Tuesdays to Sundays during the festival from 9.00am – 5.00pm
- ‘Fantasy Flowers’ at the Tambellup CWA, Saturday 5 October from 10.00am-4.00pm
- Tambellup Community Markets, Saturday 5 October 8.00am – 12.00 noon
- Beejenup Wildflower Wander at the Beejenup Reserve, corner Beejenup Rd/Gnowangerup Tambellup Rd Sunday 6 October from 9.30am – 12.00 noon

For more information about these, and all events planned during the Festival, we encourage you to pick up a copy of the program, which will be available from the Shire Offices, Henry Jones Winery and Café, Tambellup CRC and Tambellup Post Café shortly. Alternatively, the program can be downloaded from the Hidden Treasures website – <https://greatsouthern treasures.com.au/festivals-events/>.

Maps and guide notes for the self-drive wildflower trails around the Shire are available once again, from the Shire offices and Tambellup CRC. The rain patterns so far this year have been different to last year and it will be interesting to see the impact this has on wildflowers. We would love to see your wildflower photos taken within the Shire - please contact Pam at the Shire for more information.

We thank those people who have committed to hosting events during the Bloom Festival, and encourage everyone to track down a program, get out, play the Tourist and see what our region has to offer!

RESTRICTED BURNING PERIOD

As we move into spring, all residents are reminded the **RESTRICTED** burning period commences on **19 SEPTEMBER 2019**. From this date you are required to obtain a permit to burn before lighting any fires, and all conditions of the permit must be complied with. Permits to burn can be obtained from your Brigade Fire Control Officer, or the Community Emergency Services Manager, Cindy Pearce. Contact details for Brigades are as follows:

Community Emergency Services Manager	Cindy Pearce	0417 071 567
Broomehill East Brigade	Luke Simpson	0427 251 257
Broomehill West Brigade	Ben Hewson	0417 969 975
Broomehill Central Brigade	Neil Tears	0417 939 684
Tambellup East Brigade	Mario Cristinelli	0427 258 118
Tambellup West Brigade	Derek Sadler	0439 521 127
Tambellup Volunteer Fire & Emergency Service	Laurie Hull	0428 251 177

The **PROHIBITED** burning period commences on **1 NOVEMBER 2019**. No burning is permitted from this date until **14 FEBRUARY 2020**.

Copies of the 2019-2020 Fire Break Order booklet were distributed to all households by mail early in August. Additional copies are available at the Shire Administration offices if required.

BUSHFIRE HAZARD REDUCTION – RESIDENTIAL, SPECIAL RURAL AND RURAL RESIDENTIAL LAND

All landowners in the Residential, Special Rural and Rural Residential zoned areas of the Shire, are reminded of the need to comply with the following requirements of the Fire Break Order:

1.0 LAND ZONED RESIDENTIAL, TOWN CENTRE, INDUSTRIAL (Townsite land)

During the period from **31st October 2019 to 15th April 2020** inclusive you shall have firebreaks in the following positions:

1.1 On land which is 4000 square metres (one acre) or less in area, you shall remove all flammable material from the whole of the land, except live standing trees.

1.2 Land which exceeds 4000 square metres

On land which is 4000 sq metres (1 acre) or more in area, clear firebreaks not less than **2 metres** completely surrounding and not more than **20 metres** from the perimeter of all buildings, haystacks and fuel storage areas situated on the land. **The height of all grass on the land is to be less than 150mm in height.**

2.0 LAND ZONED RURAL RESIDENTIAL/SPECIAL RURAL (Townsite and Suburban areas)

During the period from **31st October 2019 to 15th April 2020** inclusive you shall have firebreaks in the following positions:

2.1 Clear firebreaks not less than **2 metres** completely surrounding and not more than **20 metres** from the perimeter of all buildings, haystacks and fuel storage areas situated on the land.

Minimise fire hazardous material to the satisfaction of the Chief Fire Control Officer by stocking, slashing or other means. **The height of all grass on the land is to be less than 150mm in height.** Properties will be inspected and orders may be issued.

Over the past few years the management of a number of Special Rural and Rural Residential blocks by owners/occupiers to comply with this requirement has resulted in less than satisfactory outcomes. This year the Shire will be conducting inspections to ensure all Special Rural and Rural Residential zoned properties comply and maintain compliance throughout the required period. The Shire has power under the *Bush Fires Act 1954* to issue infringements and/or have the work required undertaken by a contractor at the owners expense if compliance is not achieved. We encourage all owners with land in Special Rural and Rural Residential areas to assess what they need to do to be compliant, undertake these works and monitor their land for bushfire hazards during the fire season. If you would like more information please contact the CESM Cindy Pearce on 0417 071 567, or the Shire on 9825 3555.

CUSTOMER FEEDBACK

The Shire of Broomehill-Tambellup welcomes feedback from its residents and customers. If you would like to provide feedback on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our administration offices - Tambellup office 8.30am-4.30pm Monday to Friday, Broomehill office Monday to Friday 8.30-12.00, 1.00-4.30pm;

Council Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the “Our Shire” tab.

Keith Williams

CHIEF EXECUTIVE OFFICER

August 2019 will be remembered as a tragic month for Tambellup. I would like to express my condolences to family, friends, and to the wider community. The below paragraphs are from Senior Constable (SC) Rob ADAMCZYK who recently arrived in Tambellup.

Coming from Traffic Enforcement in Warwick, I'm pleased to return to country policing where my career started as a probationary constable in 1999. Sgt Humble and Sgt Mallard really made me feel welcome and introduced me to many of you. After being here just over two weeks, my wife, Rona, and I have met many amazing people including indigenous elders, local government, CRC and interagency community members. Working with established community groups and establishments like the CRC, Shire, Relationships Australia and The Zone is exciting for me because Tambellup's population is rather small yet the infrastructure provided by local government and other agencies here is so generous. My intention is to stay here long term and not be across as another 'passing copper'. Instead I'm interested in immersing in the community and working with you all so Tambellup's crime is infrequent and young people become the town's leaders and role models for the next generation.

I want to acknowledge the deep pain and loss the community suffered recently. From this tragedy, Sgt Humble and I want you to know we have an open door policy; cliché I know, but if you want to talk, we will listen without judgment and in confidence.

Illicit drugs are one area we're firmly standing against and we need YOUR collective help to make sure Tambellup doesn't become a thoroughfare for supply. We will be conducting operations along the highway at any and random hours and will prosecute drug carriers to the full extent of our laws. I consider anyone in recovery from drugs a hero and filled with courage. There is nothing easier than taking an illicit substance to numb down the suffering and pain of everyday living, but we all know that life is already tough enough with coming off drugs and alcohol. If you think to yourself, "I can quit any time" then prove it. If you can't, go and see your doctor and ask to be placed on a comprehensive recovery program before the substance changes you, your family and destroys your life. If you intend on the substance to slowly destroy you, remember that it will take everything else first, and you last. There is a way out of the addiction.

The depth of culture this town possesses is strong enough to repel any external evils such as illicit drugs, particularly the mind altering methamphetamine and ice. Stand by your town and tell your family and friends, if they use..."Get that out of my house. I love you, but I won't support this..."

If you see me in the street, say hi. I look forward to meeting you.

I fully concur with SC ADAMCZYK'S comments with regard to prohibited drugs. One of my highest priorities will be to target the sale, supply and use of prohibited drugs in our community, however this is difficult without your assistance. On another note, please ensure all firearm cabinet installs comply, as we may be conducting checks in the near future. You can find details of how to properly secure your cabinets on the WA Police Force Website. Please stay safe and look out for each other.

Bushfire Travellers CheckList For Those Heading North To Escape The Cold.

Government of Western Australia
Department of Fire & Emergency Services

DFES
Department of Fire & Emergency Services

PREPARE. ACT. SURVIVE.

BUSHFIRE TRAVELLERS CHECKLIST

In Western Australia, bushfires can start suddenly and without warning throughout the year. People have been killed and seriously injured during bushfires. If you are travelling or staying near bushland, fire is a real risk to you.

Bushfires in WA are becoming more common and the risks are increasing. This checklist will help you and the people you are travelling with to understand the risks and know what to do if a bushfire starts.

Version 2 – September 2013

7. If you are staying overnight, have you discussed how you will escape a fire?
Find out what bushfire safety plans are in place in the area where you are camping, caravanning or renting accommodation. Ask for information on alternative routes to leave the area. If a fire occurs, you should always take advice from emergency services personnel.

8. Do you know your local ABC radio frequency?
Find out the local ABC radio frequency in the area that you are travelling to. In a major emergency when lives and property are at risk, broadcasts will be issued at a quarter to and a quarter past the hour.

The WA bushfire season is generally:

- South West is November to April
- Goldfields Midland is November to March
- Midwest Gascoyne is October to April
- North West (Kimberley and Pilbara) is June to October depending on the seasonal rainfall

Visit www.dfes.wa.gov.au or the local Tourism WA Visitor Centre for further information

ESJAWH1321

TRAVELLERS CHECKLIST

This checklist will help you and the people you are travelling with understand the risk so you can decide what you will do if a bushfire starts.

- 1. Do you know the most up to date Fire Danger Rating (FDR) for the area you are travelling to?**
The FDR is based on the weather forecast and gives you advice about the level of bushfire threat on a particular day. When the rating is high, the threat of a bushfire increases.

Know the FDR for the area you are travelling to. Visit the Department of Fire and Emergency Services (DFES) website www.dfes.wa.gov.au or the Bureau of Meteorology website www.bom.gov.au/wa for more information on FDRs and what they mean.
- 2. Is there a Total Fire Ban in the area you are travelling to?**
Check out Bans, Restrictions and Ratings on the DFES website or call the **Total Fire Ban Information Line** on **1800 709 355**. During a Total Fire Ban it is illegal to light a fire in open air or undertake any other activities that may start a fire. You can also get more detailed information about what is and isn't allowed, including restrictions around barbecues and campfires.
- 3. Are you prepared to change your travel plans on hot, dry and windy days?**
On these days it's better to visit safe places such as cities and towns. If you plan to visit a place that is a bushfire risk area be prepared to change your travel plans at short notice should a fire start. Always advise your family of your travel plans.
- 4. What will you do if you encounter a bushfire while driving?**
While travelling in Western Australia, you need to have a map and be aware of your surroundings. Watch for signs of a bushfire especially smoke and flames. If you see smoke and flames you should leave the area immediately by driving away from the fire. Do not wait and see.
What to do:
 - If there is a lot of smoke, slow down and be aware. There could be people, vehicles and livestock on the road.
 - Turn your car headlights on, close windows and outside vents.
 - If you cannot see clearly, ensure you are not in the path of the fire and pull over to the side of the road.
 - Keep your headlights and hazard lights on and wait until the smoke clears.

Fire Danger Rating sign board

If you become trapped by a fire:

- Stay in your car and turn your engine off.
- Park in an area with low or no vegetation on the side of the road furthest from the fire with your vehicle orientated towards the oncoming fire front.
- Close the doors, windows and outside vents and do not get out or open windows until the fire front has passed.
- Lie on the floor and cover your body with any available woollen or cotton blankets or cloths.

5. Have you packed a survival kit to help if you are caught in a bushfire?
A survival kit should include essential items such as an AM/FM portable radio, spare batteries, a first aid kit, woollen blankets, drinking water and protective clothing like long-sleeved cotton tops, pants, hats and sturdy shoes. You should also have a map of the area that you are travelling in.

6. Do you have the DFES Information Line saved in your mobile phone?
To keep up to date with emergency information call DFES on **1300 657 209** or the **National Relay Service** on **1800 555 677** if you are hearing impaired. To report a fire or in an emergency situation, call triple zero (000).

Will we fit?

Its time to start thinking about the coming fire season. Width and height of property access, gateways and emergency access should allow for the dimensions of fire trucks and other emergency vehicles. Measure 4 metres wide and 4 metres high and prune back vegetation. Remove obstacles that would prevent fire units from entering your property.

Clear a space around your home to allow for easy access to your property.

Create a turning circle so we can easily turn around, we may not enter a property that puts us at risk.

Do you have a water source? Dam or Tank (Do not rely on mains water during an emergency)

Are we able to easily access this water as we only carry approx 2000Lts.

Does your water tank have a 2in / 50ml Camlock coupling that we can connect to and or easy access to water from the top of the tank.

Do you have a Bushfire Plan, are you going to stay and defend your property or leave early.

During an emergency there may not be a fire truck at every property....

For further information contact Cindy Pearce Community Emergency Services Manager on Mobile 0417 071 567

Would this fire truck be able to access your property in an emergency?

We opened a bank to grow a community.

This time 20 years ago.....

History: Community Banking® was first established in June 1998 in the Victorian towns of Minyip & Rupanyup. Small country towns were losing their banking services and an enterprising businessman, David Matthews, contacted Bendigo Bank to see if they would fill the void. Robert (Rob) Hunt, General Manager of Bendigo Bank viewed the establishment of a Bendigo Bank Branch as being too difficult however, negotiations were started to partner with the community in providing banking services.

The rest is history, as Community Banking® was established.

In 1998, Tambellup Shire co-ordinated public district meetings to try and establish some form of Banking at Tambellup. Vicki Brown of Tambellup approached Jan Pope of the Cranbrook Shire to see if Cranbrook was interested in a joint venture of Banking which would be in Partnership with Bendigo Bank. They co-opted Mr Max Trenorden, MLA in the WA Court Government and he went East to approach Bendigo Bank regarding them coming to WA. The response was positive and in March, 1999, Mr Russell Jenkins, Mr Simon Cornwell and Mr David Matthews came to WA and along with Mr Trenorden visited some 20 communities who were interested in establishing Community-owned branches of Bendigo Banks in Western Australia.

Four Communities were prepared to establish a Community Bank, with Tambellup Cranbrook being a mirror of the original Community Bank® in Victoria with, in fact, similar populations and farming activities.

Tambellup Cranbrook Community Bank® of Bendigo Bank was now a reality.

The Steering Committee was Chaired by Mr Greg Mengler, Secretary Mrs Jan Pope, Treasurer Mrs Vicki Brown. The committee was made up of Mr Peter Jefferies, Mr Brian Taylor, Mr Campbell Taylor, Mrs Marvina Hull, Mr Adrian Bridge with attendance by Mr Simon Cornwell and Mr Russell Jenkins of Bendigo Bank. Mr Jenkins was a Director of our Board in the early stages of our Company being established before resigning and his position being filled by Mr Simon Cornwell.

Operating Principals of Tambellup & Cranbrook Community Bank® Branch of Bendigo Bank:

The core Principal of the establishment of the Community Bank® was three-fold.

- ◆ To provide the Communities of Tambellup and Cranbrook with a viable and secure Banking service.
- ◆ To return a Dividend to Shareholders who invested their funds in the business
- ◆ To return funds back to our Communities, in keeping with the ethos of Community Banking®

The Steering Committee saw the Community Banking® process as an opportunity to harvest funds for our community that would have, under existing banking practices, been lost to our community.

The Community Company is managed by a Board of Directors, elected by nomination from the community on a voluntary basis, that is: Directors do not receive remuneration. (as voted at the AGM by Shareholders). The Community Company provides the premises, pays the staff and all the operating expenses of the business. Other long-established Board practices include:

- Funding provisions made for future Franchise Agreement fees.
- Repair & replacement funds being set aside each month.
- The Board votes on the Dividend payment each year in accordance with our financial situation at the time.
- Policy of supporting organisations within our Shires as well as supporting major projects in partnership with our Shires.
- A working relationship with the Mt Barker & Albany Community Banks to support events that covers all the regions.
- New Directors are encouraged to attend meetings before the AGM and their election to get a feel for the position.

Now we celebrate 20 years of banking in Tambellup & Cranbrook with over \$650,000 by way of Sponsorship & Dividends returned to our Communities. So, Where Do You Bank?

Come and meet the Great Southern Team.

Helping your farm business grow.

Shire of Broomehill-Tambellup**

An Ordinary Postal Election will be held on Saturday, 19 October 2019 in the Shire of Broomehill-Tambellup to fill the following vacancies:

District

3

Councillors

4 year terms

Nominations Open on Thursday, 5 September 2019

Nominations Close at 4:00 PM Thursday, 12 September 2019

Nominations must be lodged with the Returning Officer:

- at any time during the above period by arrangement; or
- between 2:00pm and 4:00 PM Thursday, 12 September 2019 (close of nominations) at the Shire of Broomehill-Tambellup, 46-48 Norrish Street, TAMBELLUP.

Nominations Requirements

Candidates are required to lodge with the Returning Officer:

- a completed nomination in the prescribed form, signed and witnessed. (This form is available from the Returning Officer, the Western Australian Electoral Commission or the Shire of Broomehill-Tambellup;
- a single A4 page profile containing not more than 150 words of information about the candidate;
- a nomination deposit of \$80 (cash, bank cheque or postal order);
- a recent passport-sized photograph (optional);
- every candidate must complete the online candidate induction module available at www.dlgc.wa.gov.au

The Commission has developed an online system called Nomination Builder to assist candidates to complete their nomination form which includes the candidate profile. This is the preferred method of completing the nomination form and profile for elections conducted by the Commission. Candidates complete their nomination details and profile, print the completed form which has a reference number allocated and lodge it with the Returning Officer. The nomination builder can be accessed at elections.wa.gov.au

Where an agent lodges a nomination on a candidate's behalf, it must be in the prescribed form with a written authorisation signed by the candidate.

The documents may be hand delivered, posted or faxed to the Returning Officer and must be received by the close of nominations.

Information

Full details about eligibility and nomination procedures for prospective candidates can be obtained by contacting the Returning Officer on 0413 598 974 or the Western Australian Electoral Commission on 13 63 06.

TAMBELLUP PRIMARY SCHOOL WINS THE UPPER PRIMARY SCHOOL AWARD FOR SHOWCASE IN PIXELS 2019

The annual exhibition of artwork from Local Governments was displayed in a new format and venue this year – at the iconic digital tower at the heart of Yagan Square.

This new format of display meant that participants were no longer restricted to PVC canvas and were encouraged to be as creative as possible.

Tambellup Primary School Art Teacher, Amanda Bradshaw, and the Upper Primary students created this year's entry which used recycled plastic bottle tops collected by the whole School and local community. This also had an underlying reminder to be responsible about plastic waste. The end result was really eye catching and the students really took ownership of the project.

From the collecting, washing, painting and gluing of bottle tops, this year's entry was a fine example of how a small community can really get together and achieve fantastic results.

The photos attached show the process from beginning to the end with collecting, washing, painting and gluing of lids, to the display at Yagan Square, presentation of the award and finally the mosaic in its final hanging place.

A presentation to the Tambellup Primary School was made at their School Assembly on Tuesday 20 August. Shire President, Cr Scott Thompson, presented a gift from the Western Australian Local Government Association (WALGA) and a Certificate of Appreciation on behalf of the Shire.

Thank you to everyone involved and congratulations on your beautiful mosaic. If you are visiting the Tambellup Primary School look out for the mosaic which is proudly hung in their corridor.

New Program: Managing People for Success

In 2019, [Meat and Livestock Australia](#) (MLA) and [Profitable Grazing Systems](#) (PGS) have partnered with PinG WA to deliver a Supported Learning Program (SLP), which is a producer upskilling program based on supported learning and coaching. PinG WA is set to launch the “[Managing People for Success](#)” program this year. The program focuses on managing people and your business, with four core areas covered: *personality profiling, team productivity and time management, industrial relations, and human resources*. These topics are covered over several months during off-peak times and include three workshops, two coaching sessions, a touch point and development of a farm-specific project. The structure of this program will allow livestock producers the opportunity to learn by practicing, applying new skills with other producers and to be involved in learning long-term through coaching, peer-to-peer learning and hands-on practice.

Each program is capped at 8-10 farm livestock businesses to ensure effective peer-to-peer learning and coaching sessions. The commercial cost of this program is \$3,150 (+GST) for up to two participants per business. However, with support from MLA’s Profitable Grazing Systems this program will be offered at \$1,900 (+GST) per business for up to two participants per business.

That’s personality profiling, three workshops, two coaching sessions and a touch point for two people for \$1,900 (+GST) or \$135 pp per session!

[Meat and Livestock Australia](#) (MLA) and [Profitable Grazing Systems](#) (PGS) have also supported PinG WA in 2019 to deliver 15 Paperless Farm Office workshops throughout red meat producing regions of WA. The Paperless Farm Office workshops have been extremely popular and well-received, with 99% of participants who attended these workshops stating they would recommend it to their peers.

For full details on the [Managing People for Success](#) program and topics please visit the [Managing People for Success](#) website. If you would like one of these to be run in your region, please contact [Debra Mullan](#) or complete the [Request a Workshop](#) form.

(To access the sites mentioned above, please go the Tambellup CRC or the Broomehill Tambellup Shire website and find this edition of the Topics, then click on of the orange hyperlinks to be taken to the site — regards TA CRC)

Travel scheme service upgrade for Central Great Southern patients

Clients using the Patient Assisted Travel Scheme (PATS) now have increased privacy and access to specialised staff with the opening of a dedicated PATS office at Katanning Health Service.

The office is located opposite the Emergency Department waiting room and has been open since the beginning of August.

According to Central Great Southern Director of Nursing/ Health Service Manager, Robyn Millar, the need for a dedicated room was identified following feedback from the community. The original PATS counter did not provide any privacy for clients discussing personal information or when completing the forms. The same counter was also used for patients checking in for X-ray appointments and sometimes this caused delays for other clients as they had to wait their turn at the counter.

Mrs Millar said that the dedicated space ensures that clients can have personal conversations away from the main reception area.

“Clients can now feel comfortable knowing that they are in a private room being supported by staff with detailed knowledge of the PATS process,” Mrs Millar said.

“We’re delighted to have already received positive feedback from the community about the change.”

PATS provides a subsidy for travel and accommodation costs for eligible country people who need to attend appointments with specialised health services that are not available in Katanning. For more information about PATS, visit the WACHS website:
