Bookings to Colleen @ TPS 9825 1144

**SHIRE OF BROOMEHILL-TAMBELLUP**Phone: 98253555 Fax: 98251152 Email: mail@shirebt.wa.gov.au

The next meeting of Council will be held on Thursday 16th August 2018 commencing at 4.00pm in the Tambellup Council Chambers. Members of the public are welcome to attend all Council meetings.

BUDGET

Council adopted the 2018-2019 Annual Budget at a Special Meeting held on 26th July 2018.

Local Government continues to operate in a financially challenging environment, with increased pressure from Federal and State Government to deliver more with limited resources. The Shire is the custodian of a large number of assets made up from Infrastructure (roads, footpaths, kerbing, signs) Drainage, Land, Buildings, Parks and Reserves and Plant and Equipment. When making decisions in relation to these assets, the Council is committed to the philosophy of renewal of existing assets before acquiring new assets. In addition, and only where possible, rationalising existing assets that are no longer used or do not meet the agreed level of services.

The Budget has at its foundation the aspirations of the Council and Community, providing details on specific capital projects that will be undertaken during the year as well as funding the ongoing services the Shire provides.

Council identified in its Long term Financial Plan that an increase in rate revenue of at least 5% per annum was necessary in order to continue to meet its obligations for provision of services to the community, maintenance of existing assets and creation of new assets. After lengthy discussion and review of competing priorities and demands, the Council has included a 4% increase in rate revenue from all UV (rural) and GRV (townsite) properties. This generates additional revenue of \$96,500.

Modest increases in rate revenue are necessary each year to ensure the Council is in a position to continue to provide the range of services and facilities the community has come to expect and enjoy.

The early payment discount of 5% will continue to be offered, as will payment by either the two instalment or four instalment plans.

There has been no increases in refuse and recycling charges levied annually on townsite properties. Refuse and recycling charges have remained at the same level since 2011.

Budget HighlightsGreat Southern Housing Initiative

Council is participating in the Great Southern Housing Initiative. This project consists of development of Aged Appropriate Housing as well as Key Worker accommodation across seven Local Governments in the Great Southern Region.

The Shire of Broomehill-Tambellup has been successful in securing \$10,000,000 funding through the Building Better Regions Fund (BBRF), and the Shire of Kojonup has secured \$2,600,000 through the Regional Aged Accommodation Program (RAAP). This funding will see construction of some 79 housing units for independent seniors and regional employees across the seven Local Governments involved in the Initiative. Additional funding required will be provided by the participating Local Governments.

For Broomehill-Tambellup this exciting project will deliver four Aged Appropriate dwellings in Broomehill, two chalets at the Broomehill Caravan Park as well as two key worker dwellings in Broomehill and one in Tambellup.

The decision on the RAAP has only recently been made (June 30), and funding agreement documents are currently being executed, so final figures are yet to be determined.

The Shire of Broomehill-Tambellup's contribution is funded by monies already held in the Building Reserve and sale of existing older housing stock which results in a minimal impact on the Shire's budget. Notwithstanding this, a short term loan may be required as sale of existing housing stock may take several years.

BUDGET cont..Road Construction

A road construction program of \$1,877,500 is planned for the coming year. Council is fortunate to receive funding from the Regional Road Group and Roads to Recovery program, which assists in meeting the costs in completing the planned projects. Regional Road Group funding is allocated on the basis that 2/3 in funding is provided by Main Roads WA and Councils are required to contribute 1/3. Roads to Recovery funding does not require a matching contribution.

The current Roads to Recovery program ends 30 June 2019 and while the Federal Government have assured continuation of this funding, the amounts allocated to the Roads to Recovery program beyond the end of the financial year are not yet known.

Upgrade of footpaths in the Broomehill and Tambellup townsites will commence during the year, and will continue in stages over the coming 4-5 years.

Plant Replacement

Council continues to strive to maintain a modern fleet of vehicles and equipment. To assist with attaining this objective, a 10 Year Plant Replacement Program has been developed and refined over a number of years. Optimum changeover times have been identified for plant and equipment, ensuring Council receives best value for money and to minimise the impact on annual budgets.

Funds are held in the Plant Reserve which is used to achieve all changeovers and purchases included in the Plant Replacement Program. Any savings realised throughout the year on plant and equipment changeovers is retained in the Reserve for future requirements.

Major items scheduled for changeover in 18/19 include the Isuzu truck TA017, Isuzu truck TA386, Caterpillar tyred roller BH005, 2 Toro mowers, John Deere Gator and the light fleet. A service hoist and an oil supply/disposal system and storage will be installed in the workshop at the Tambellup Depot

Transfer Stations

The community has raised on numerous occasions the difficulties in disposing of rubbish from 240 Wheelie Bins into the skip bins at the transfer stations. Council has made an allocation of \$20,000 to purchase and install bin lifters at both the Broomehill and Tambellup transfer stations.

Parks, Gardens and Reserves

\$55,000 has been included to improve the drainage at the junior playground in Diprose Park which floods during periods of heavy rain, and install shade over this area. This project was deferred in 2017/18 and will be complete this year.

A request was received from the community for Council to consider an extension to the surface of the basketball court in Crawford Street to make this a full sized court, and improve the lighting for night use. This will enable this facility to be better utilised. Grant funding will be sought to assist with completion of this project.

The community has expressed interest in developing 'community gardens' in Broomehill and Tambellup. Council has allocated funding to assist the community groups get established, with in kind works and materials.

Tambellup Caravan Park

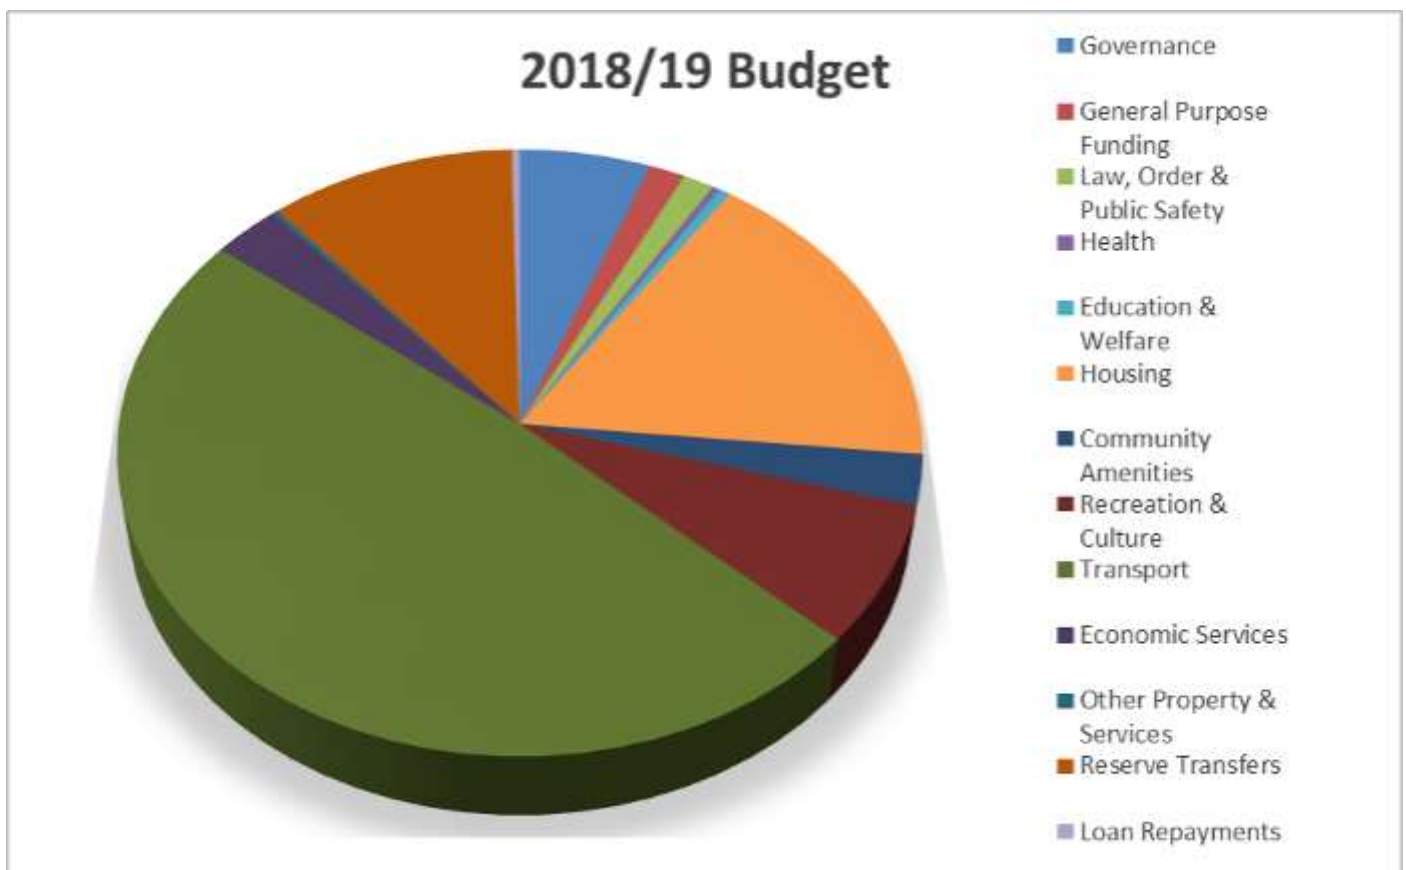

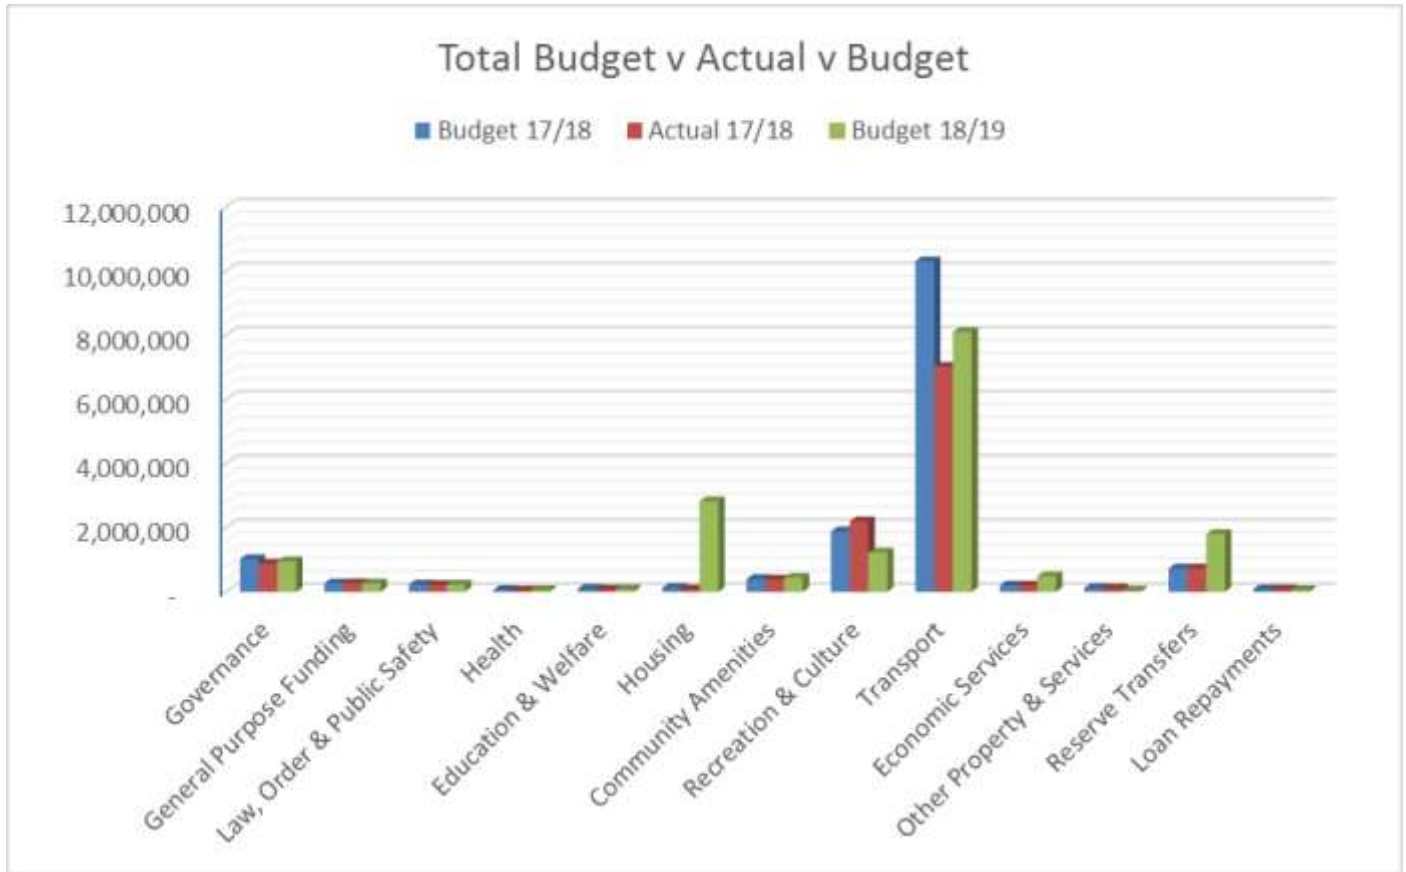

Council purchased the former bowling club in Tambellup in 17/18, and has set aside \$10,000 to investigate development of this land into a Caravan Park.

Holland Track

In recognising the importance of encouraging visitors to our Shire, the Council has allocated \$20,000 towards design of a 'Holland Track Interpretive Centre' and bring together other existing tourism plans for the Shire.

2018/19 Budget Summary

A snapshot showing the allocation of resources across the organisation in the 2018/19 Budget compared to 2017/18 Actuals and 2017/18 Budget.

FROM THE JULY COUNCIL MEETING

Council and staff held a budget workshop on 19th July 2018 to go through the draft budget and make amendments prior to adoption. The workshop provided an opportunity for all Councillors to gain an understanding of the content of the document and how funding is allocated to the various programs and activities, and discussion about priorities for the coming year.

Following the workshop, Council held its Ordinary Meeting. The following matters were discussed:

- Council considered and endorsed an amendment to its policy that deals with the appointment of an Acting Chief Executive Officer during periods where the Chief Executive Officer is absent for five days or more.
- Council considered and endorsed an amendment to its policy that deals with the use of Shire equipment by community organisations and Council staff.
- Council received the annual report on progress towards the outcomes of the Disability Action and Inclusion Plan. This report is submitted to the Disability Services Commission to inform their Annual Report.
- Council received the Shire's reviewed Workforce Plan, which outlines the resourcing required to deliver the outcomes of the Community Strategic Plan over the next four years.

TOWNSCAPING

Shire staff have recently planted grass trees in the garden nibs on Crowden St. These were supplied by Fremantle business Replants.com who 'rescue' grass trees from development sites where bushland is being cleared for residential and commercial development.

While these, and the others planted at the Pavilion and St John Ambulance Sub Centre are settling in, and to give them their best chance at surviving the transplant, they should remain undisturbed. **Please don't break the leaves off – these are vital for the plants ongoing health.**

**WORKS**

The strong winds we have experienced over recent weeks have kept the maintenance crew busy, with trees and branches requiring removal from roads across the Shire. This has tied in well with the roadside pruning that is underway at the moment, mainly in the Broomehill area. Other routine tasks at this time of the year include pot hole repair and patching, and maintenance of road signage and guideposts. Staff have also installed a new drainage sump at the corner of Norrish and Crowden St, and concrete steps to the oval in Tambellup.

With all funded road construction jobs completed at the end of the financial year, the construction crew has been focussed on grading of bitumen edges, with Broomehill-Kojonup Road, Flat Rocks Road, Fairfield Road, North Greenhills Road and Tieline Roads completed to date.

A machinery demonstration day was held at the Tambellup Depot on the 10th July. This was well attended by works staff from neighbouring Councils and provided dealers an opportunity to showcase new and improved technology on the various items of plant utilised by Councils.

The Parks and Gardens crew has had their hands full with weed control, oval maintenance, mowing in the townsites, and repairs and maintenance to reticulation systems in both towns. Some landscaping work has commenced at the Broomehill Complex, and in consultation with the Complex Committee, will be ongoing. Planting of the garden beds adjacent to the Broomehill Hall has commenced and street tree pruning has been ongoing. Dam levels are slowly increasing, with Broomehill Town Dam at 50% capacity, Tambellup West Dam (No 2) at 90% and Jam Creek Dam at 30%. We look forward to more rain in coming months boosting these levels to sustain our ovals through the summer.

In line with the new financial year and budget requirements, work has started on gathering prices and information for items listed in the Ten Year Plant Replacement Program. Submissions for the next round of funded road construction projects have been compiled and forwarded to the Regional Roads Group for consideration for the 2019/2020 year.

COUNCIL AGENDAS AND MINUTES

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request, for people with disability.

Council Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the "Our Shire" tab.

Keith Williams

CHIEF EXECUTIVE OFFICER

SNAP SEND SOLVE

The Shire of Broomehill-Tambellup is trialling the 'Snap Send Solve' app, which is a free app that easily allows you to report issues to the relevant authority – in this case, the Shire. When downloaded to your mobile device, it allows you to take a photo of the problem, make notes, add contact details, record the exact location, and then send – this generates an email which is sent to the Shire for actioning.

We have had a couple of instances in recent weeks after strong winds where residents have used the system to advise of fallen trees. The benefit of this system is that the ability to provide a photo of the issue allows the Shire to determine the best course of action without necessarily having to go out and inspect first – for example, does the tree require a chainsaw or a loader to remove from the road? This in turn saves time and resources.

The Shire is keen to trial this system and we encourage residents to download the app through either the App Store or Google Play. Reports can also be submitted from your desktop PC, through the Snap Send Solve website – www.snapsendsolve.com. If you would like to know more please contact the Shire on 9825 3555.

**CUSTOMER FEEDBACK**

The Shire of Broomehill-Tambellup welcomes feedback from its residents and customers. If you would like to provide feedback on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our administration offices - Tambellup office 8.30am-4.30pm Monday to Friday, Broomehill office Tuesday to Friday 8.30-12.00, 1.00-4.30pm;
- Write to us at 46 – 48 Norrish St, Tambellup 6320;
- Phone us on 08 9825 3555
- Fax us on 08 9825 1152; or
- Email us at mail@shirebt.wa.gov.au

For all methods, please include your name and contact details so we are able to respond to you.

BLOOM FESTIVAL

Thank you to those groups and individuals who responded to the call for events for inclusion in the Bloom Festival program. The Festival runs from 22nd September to 21st October, with events being held across the Hidden Treasures Shires - Woodanilling, Katanning, Kojonup, Kent, Broomehill-Tambellup, Cranbrook, Gnowangerup and Plantagenet. It's a great time of the year to be out and about in our region, and the Bloom Festival publicity will help to spread the word. A number of events within the Shire have been nominated for inclusion in the program, including:

- **'Books and Blooms' at the Henry Jones Café – throughout the Festival period**
- **'Fantasy Flowers' at the Tambellup CWA – 7th and 8th October 2018.**
- **Old Time Outdoor Family Movie Night at the Tambellup Community Pavilion – 19th October 2018**
- **Holland Track Busy Bee – 21st October 2018**

More information on each of these events will be provided through Topics closer to the date, however we encourage you to keep an eye out for the Bloom Festival Program which will be available in coming months, and support the wide array of events being held in our region.

WASTE TRANSFER STATION – PRE PAID TIP CARDS

Residents are advised that 2017/2018 Waste Transfer Station passes expired on 31 July 2018, however as the new passes (and rates notices) will not be available by this date, these passes will continue to be accepted until 31 August 2018. New passes valid for 2018/2019 will be distributed with rates notices by this date, for those residents who do not receive the kerbside rubbish and recycling collections. Prepaid passes will be available to purchase at the Shire Administration offices in coming weeks. For more information please contact the Shire.

DID YOU KNOW.....?

....That the Water Corporation has an entire page on its website packed full of troubleshooting guides for common water related problems, information on detecting and repairing leaks, details of water outages and how to report a fault. Why not have a look – go to www.watercorporation.com.au/faults .

But wait, there's more! There's also an entire page dedicated to saving water – as WA continues to experience the effects of a drying climate, it is becoming increasingly important that we ensure our water services meet future demands. In this section, you will find lots of tips and ideas on how we can all help save our most precious resource. Go to www.watercorporation.com.au/save-water .

Tambellup CRC Roundup

It has been a very quiet couple of months at the CRC - we would love to see more community involvement in programs that can be offered here. Please let us know if there is a course, workshop or information session that you would like and we will try and organise it.

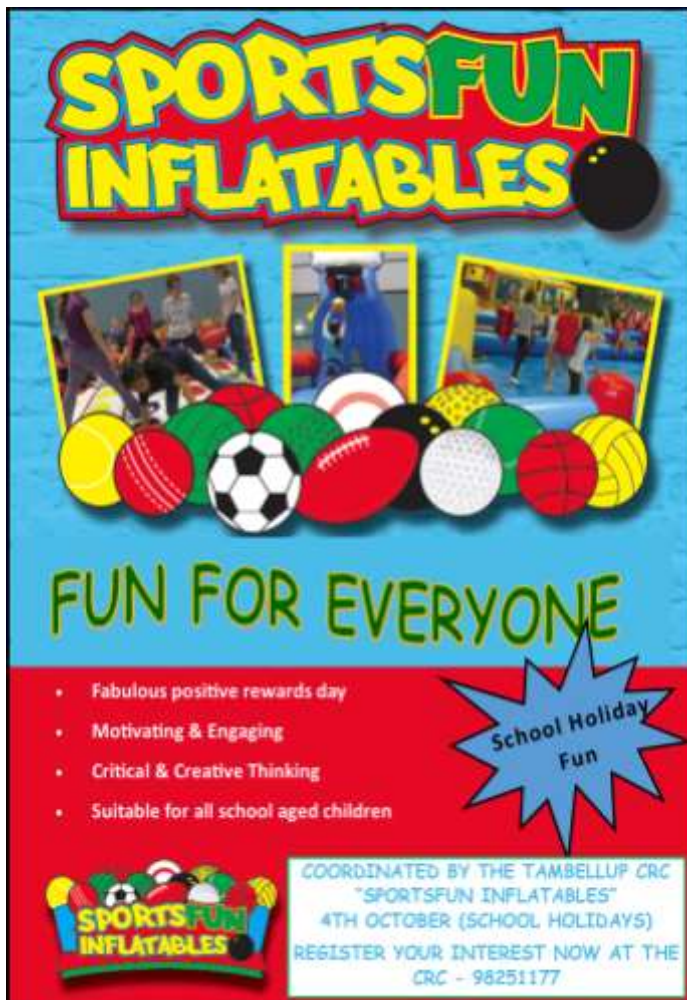

We are still waiting on the Dept Primary Industries to make formal offers to all CRC's with regard to funding from March 2019. We are all aware of the proposals but until a definite offer is made, we are in a state of limbo with the future of our CRC.

At a recent meeting with the Shire, we discussed the role of the CRC in our community and where to from here - we would like to thank the Shire very much for their continued interest and support of the CRC.

During July school holidays, we held two activity days which were well supported.

During the October school holidays, we will be running a "Sports Fun Inflatables" day - see ad below and register with us now.

Available soon at the CRC - Field Guide of Western Australian Wildflowers - limited supply so be early to reserve your copy - see ad below

 CASEY AUSTRALIA TOURS

VISITING AUTHOR IN AUGUST

In conjunction with Children's Book Week, our visiting author for 2018 is the lovely Davina Bell. Davina will be holding workshops for the Tambellup Primary School students on Wednesday 29th August at the Tambellup Library.

On Thursday 30th August Davina will be visiting Broomehill Primary School.

We thank the Children's Book Council of Australia WA Branch (Inc.) for their generous funding, without their support this event would not take place.

Davina's Books: <http://www.davinabell.com/books/>

Davina's Presentations: <http://www.davinabell.com/speaking/>

The theme will be "Find your treasure", this will be so much fun for the children!

Now at the Tambellup CRC!

Come on in and see our range of eco-friendly products and locally made giftware, available to purchase.

- ◆ Catrosa, a variety of soaps, woodcraft, handmade gifts & naturally grown & processed olive oil.
- ◆ Exclusively Lee has a range of handbags created by Lee Lay, a perfect gift for that special lady.
- ◆ Splinters Gallery has a range of wooden frames with barbed wire inserts by Tony Lay

School Holiday Activities

Wednesday 4th July and the CRC ran a Cake Decorating activity for the children.

Many thanks to the lovely Cake Decorating Group, especially Aileen, Janine and Vanessa, for organising and running everything.

All children were very focused and incredibly well behaved - evidenced by how quiet it was in the room and the result was some wonderful cup cake and biscuit creations.

Well done to everyone!!

On Thursday 12th July we held a 'Movie and Popcorn' morning and once again the children were very well behaved - each child then received a voucher for a milkshake at the Post Office - a good day had by all.

SOUP & SWEETS FOR SENIORS - 19th July

Thank you to the Tambellup Primary School Year 6 Leadership Group on cooking a wonderful selection of soups & sweets. Your participation was enjoyed by all.

Special thanks to Jane Cunningham and Kaye Killin for co-ordinating the students.

We also celebrated a special 90th Birthday for our lovely man, Dave Herbert.

Thank you Colleen Brown for the most delicious cake!

HAPPY 90th BIRTHDAY DAVE!

New Tambellup Library

Non-Fiction

State Library -
 Inter-Library Loan
 Changes To all public
 libraries in WA
 Please take note of the
 following:

As of the 1st of August, as a result of a joint review between the State Library of Western Australia and representatives from the Public Libraries WA Group (PLWA), what can be requested via the Public Libraries Inter Library Loans will be changed.

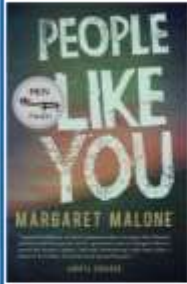

Due to these restrictions, the following items cannot be requested on Inter-library loan:

- No items less than twelve months old both fiction and non-fiction
- No junior fiction or YA items – some exceptions for YA graphic novels over 12 months old
- No Audio books or DVDs

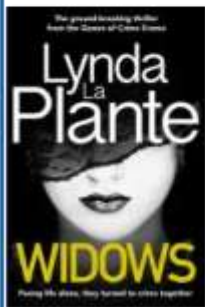

There are exceptions for people with special needs including disabilities and culturally and linguistically diverse backgrounds (CALD).

A frequently asked questions sheet is available at the library or online. Impacts of the changes will be reviewed over the next 12 months. Albany Public Library will endeavour to adjust our purchasing to anticipate items of need where possible.

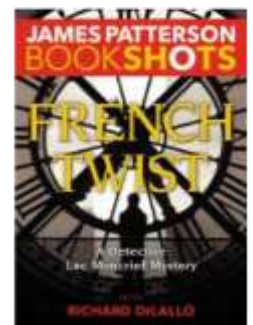

New Tambellup Library Adult Fiction

An airplane touches down at a desolate airport in a remote Colorado ski town. Shortly after landing, Dr. Lyle Martin, a world-class infectious disease specialist, is brusquely awakened to shocking news: Everyone not on the plane appears to be dead. The world has gone dark. While they were in the air, a lethal new kind of virus surfaced, threatening mankind's survival, and now Martin - one of the most sought-after virologists on the planet, until his career took a precipitous slide, is at the centre of the investigation.

1940. Parisian seamstress Estella Bisette is forced to flee France as the Germans advance. She is bound for Manhattan with a few francs, one suitcase, her sewing machine and a dream: to have her own atelier. But as Fabienne learns more about her grandmother's past, she uncovers a story of tragedy, heartbreak and secrets - and the sacrifices made for love.

Thankyou

The Woods and Farmer families sincerely thank everyone for their love and support during our time of sorrow.

A special mention to the Palliative Care nurses, Dr Saleem, GSAHS, staff at KDH and to those who supported Lexie through her illness.

Forever grateful.

New Large Print Bulk loan available to borrow until the 1st of September 2018

ADVANCE NOTICE – ROAD CLOSURE BROOMEHILL-KOJONUP ROAD

Main Roads will commence replacing the Wadjekanup River Bridge from 16 July 2018. The bridge is located approximately 13 km west of Broomehill on Broomehill – Kojonup Road. Works are expected to be completed by end September 2018.

Broomehill – Kojonup road will be **closed** to all heavy vehicles for the duration of the works and road users should consider alternative routes.

Access will be maintained for local traffic however, the road will be closed between Simpson Road and Holly Siding Road and again, alternative routes should be considered.

Main Roads thanks you in anticipation of your co-operation.

For more information, contact Main Roads on 138 138.

Western Power is investing \$1.1 million in the Shire of Broomehill-Tambellup to upgrade power supply in the area. Crews will replace 26 poles and 8.9km of overhead power lines over the next 8 weeks. During this time you may notice an increase in heavy vehicles in the area and a crew member will contact you if we need to access your property.

Timing

This work will begin in August and the whole project will continue until April 2019 with work beginning west of the railway line in the town of Tambellup. From time to time our access to the network, adverse weather and emergencies may impact our work schedules.

Power Outages

Our number one priority is to keep the community and our crews safe. When it's not safe to work on live lines we will need to interrupt your power supply but we will let you know ahead of time. Due to the nature of the work required, some customers may experience multiple planned power interruptions. It's our goal to get the job done quickly, safely and with the least impact to you.

During August there will be 9 power outages required to carry out this essential work to upgrade your power supply. Affected locations include:

- 1 August – Pole replacements on Tambellup West Road
- 14 August – Pole replacements on Tambellup West Road
- 15 August – Pole replacements and overhead line replacements on Taylor & George St
- 21 August – Overhead line replacements on Garrity St
- 22 & 23 August – Pole replacements on Taylor & Henry St – customers will be affected both days
- 24 August – Overhead line replacements on Parnell St
- 29 August – Overhead line replacements on Tambellup West Road
- 31 August – Overhead line replacements on Henry St

Affected residents and businesses will receive notification of these outages shortly and our crews will do their best to minimise any disruption on the day.

For more information or assistance to prepare for these power outages, please contact 13 10 87

A white mobile truck for BreastScreen WA is shown from a rear three-quarter view. The truck has a large white trailer with a red stripe and graphics of four women in various colors (red, pink, purple, blue). The back of the trailer displays the BreastScreen WA logo and the phone number 13 20 50. The truck is parked on a road with trees in the background.

Approved Bar Managers Course

The Tambellup Community Pavilion Association and the Tambellup CRC are going to be running a Bar Managers Accreditation Course for community members to upskill themselves and become Approved Managers - accepted Australia wide.

Where: Tambellup CRC

When: Tuesday 4th September 2018

Time: 7.30pm

Prerequisites:

- Unique Student Identifier (USI) - you can create one at: <http://www.usi.gov.au/>
- Responsible Service of Alcohol (RSA) - this must already have been completed - bring your certificate
- Obtain a National Police Clearance (NPA) - must be current (within the last 3 months) - bring it along

On the night:

- Complete the online training course at the CRC - (\$139.00 through Clubs WA)
- Complete the RGL online Approved Manager Application at the CRC
- Lodge the Application Summary and pay required fee - (\$181.00)

After completion of lodgement, you will be issued with an Approved Manager ID Card which must be carried with you at all times whilst serving alcohol.

As all the current Bar Managers at the Pavilion are acting in a voluntary capacity, it would be great to see as many members as possible become Approved Managers to lighten the load on the current few.

MOBILITY & WELLNESS CLASSES

The Shire of Broomehill-Tambellup and Shire of Cranbrook will be holding Seniors Group Fitness Classes for 10 sessions occurring fortnightly from Wednesday 15 August to Wednesday 19 December 2018.

The classes will be run at the Tambellup Community Pavilion from 11.00am to 11.45am.

There is no cost for Broomehill and Tambellup seniors to attend the 10 session program but you must register and complete the appropriate documentation for the instructor.

A light lunch can be provided after the class for \$5 if sufficient numbers are received. Please notify the Shire on registration if you would like this service.

Government of **Western Australia**
Department of **Communities**

Please contact the Shire of Broomehill-Tambellup on 9825 3555 to reserve your spot – numbers are strictly limited to maintain an effective class size, so first in, first served!

For more information please contact Pam Hull at the Shire.

Tambellup Agricultural Society

Unfortunately, the Tambellup Agricultural Society is in recess once again.

At the moment there are only four active committee members and they alone cannot continue to carry the load.

At the last committee meeting, it was decided to go into recess for this year and see what eventuates at the AGM next February.

Without a much larger group of committed people who will be very active in

For anyone aged between 10 and 100 years of age, family groups welcome.

Karate will be held at the Tambellup Hall, on Tuesday evenings 6.30 - 7.30pm commencing 17th July 2018.

Cost is \$5.00 per person per session.

Contact Peter Vlahov on 0418 955642 for more information, or just turn up!

Tambellup Lions Club

On Saturday July 14th the Tambellup Lions Club celebrated their 40 years of service to the Tambellup district. The club was chartered in 1978 after a group of 24 like minded people felt the community needed a service club. The club was initially sponsored by the Mt Barker Lions Club of which three of their members attend our 40th anniversary.

We were also fortunate on the night to have four of the charter members attend, Mike Collins, Trevor Prout, Geoff Marsh and the inaugural charter president Frank Thompson.

Mike Collins also conducted the changeover of the new office bearers for the next 12 months. Additional past members who attended the evening were Mark Pascoe, Lance Anderson, Chris Mathews, Peter Olden, Jim Householder, Brian Green , Gary Sheridan and John Brown.

The evening also saw the presentation of the Ian M Stockdale Humanitarian Award to Trevor Prout. This is the highest award presented to Lions in Australia for service to community. Trevor has been serving Lions for 40 years and his contribution to community in many other organisations is noted. This award was nominated by Gus Roosendaal. Well done Trevor.

The evening was attended by 55 past and present members, at the pavilion, we were lucky to be entertained by Kym Crosby who recited some bush poetry and we listened to a poem he penned specifically for the Lions in Tambellup.

Thanks to Geraldine for her catering and Ray for serving the drinks.

All in all it was a good night and we look forward to serving our community for many more years. If anyone has any interest in joining Lions, please contact President Andy Webster.

WE SERVE

Trevor Prout

Recipient of the Ian M Stockdale Humanitarian Award Nominated by Gus Roosendaal and the Tambellup LIONS Club

- Charter member of the Lions Club Tambellup in 1978
- This recognises that he has been a member for 40 years
- Been available for office bearer positions and the busy bees that are held throughout the years
- Not only has Trevor been an inspiration to the lions club members but he has also been heavily involved in other community activities such as St John ambulance and in his earlier years a member of the hockey club and the bowling club both of Tambellup to name a few.

**SHIRE OF BROOMEHILL-TAMBELLUP
2018 PHOTO COMPETITION –
‘OUR PATCH’**

Thank you to all those who submitted photos to this year’s competition. While the response was not as great as hoped, the images that were entered into the competition portrayed accurately why our residents love where they live – from the freedom that our kids have to play and explore in the great outdoors, to our rural lifestyle and our landscapes that change so markedly from season to season.

The competition was judged by a panel of local government officers in neighbouring Shires, who conveyed their congratulations to all on their participation, and particularly to those selected as winning and highly commended entries. We hope to be able to create a slide show of all images that were submitted, including those from Shire staff members who were not eligible to enter the competition, to be uploaded to the Shire’s website in the near future.

We look forward to running another competition in a couple of years, and encourage all residents to keep an eye out for ‘that’ photo in the meantime.

So without further ado..... CONGRATULATIONS to the winning and highly commended submissions as follows:

HIGHLY COMMENDED – JUNIORS

Brianna Cunningham – *‘Dad and Dog’*

Max Sheridan – *‘Black and white picture of two bikes’*

WINNER – JUNIORS

Abby Boyle – *‘Yabbie Time’*

WINNER – SENIORS

Emily Hardie – *‘Reflections’*

HIGHLY COMMENDED – SENIORS

Emily Hardie – *‘Rosemary and Lamb’*

Anne-Marie Lockyer – *‘Sunset on the Gordon’*

Gnowangerup Family Support Association is designed to support and assist families to help children prepare for school and develop to their full potential. The service offers an educational program that is constructed by trained staff who have a passion in supporting children's development and education. The program is developed in line with the centre's philosophy, and the Early Years Learning Framework (EYLF), to support children's interests and holistic development. Children who attend the service will start to develop the necessary skills and knowledge expected at school within the 5 EYLF learning areas:

- Have a strong sense of identity
- Be connected and contributing to the world
- Have a strong sense of wellbeing
- Be a confident and involved learner
- Be an effective communicator

Within these 5 areas children will develop many skills such as:

- Independence
- Various forms of communication techniques
- Assertive listening
- Cognitive
- Physical
- Social and Emotional
- Problem solving
- Resilience
- Personal Health and Safety

These skills are developed through fun and inviting play-based activities. Therefore, we strongly encourage families to share as much ideas and information with us as possible, to ensure we are working together to implement a learning program that supports every child's interests and needs. Please speak to one of our friendly staff today by contacting us on 9827 1454 for further information and bookings.

THE NEW CHILDCARE PACKAGE HAS MADE DAYCARE MORE AFFORDABLE FOR FAMILIES INCLUDING LOWER INCOME EARNERS, GRANPARENTS AND CARERS. PLEASE COME AND CHAT TO THE STAFF ABOUT YOUR FAMILY'S ELIGIBILITY FOR THE NEW CHILD CARE SUBSIDY

Mobile service run weekly in Borden, Ongerup, Tambellup, Nyabing and Newdegate.

DID YOU KNOW...

Tell me and I forget!

Teach me and I remember!

I nvolve me and I learn!

Benjamin Franklin

FUN WAYS TO EXPLORE MATHS CONCEPTS

- ◆ *When dressing your little one talk about the colours of their clothes.*
- ◆ *Count the buttons on their clothes as you are doing them up.*
- ◆ *When walking count the steps. To different items eg: How many steps to the gate.*
- ◆ *When climbing stairs count the stairs.*
- ◆ *Share out popcorn, slices of fruit, biscuits, lollies etc, and talk about who has more.*
- ◆ *Provide your little one with spoons, detergent scoops, and plastic containers in the sand pit—count how many fill the bucket.*
- ◆ *Use language like big and little, long and short, empty and full.*
- ◆ *Play Hide and Seek and use positional language—over, under, in, out, through, behind, on, off, beside, between, next to, near.*
- ◆ *Sing counting rhymes and songs -*

1, 2, 3, 4, 5 Once I Caught A Fish Alive

Five Little Monkeys Jumping on the Bed

1, 2 Buckle My Shoe

Australia's
**BIGGEST
MORNING
TEA**

Thank You!

Mrs Sheridan and the Kindy, Pre Primary and Year 1 children would like to thank the students and staff of

Tambellup Primary School and the Tambellup Community for supporting the Biggest Morning Tea for Cancer.

A total amount of \$843.00 was raised and has been forwarded to the Cancer Council of W.A.

Special thanks to:

The mums who helped the children with the cooking

PAPERLESS FARM OFFICE

Made possible with support from Stirlings to Coast Farmers

NEW WORKSHOP

A workshop to assist in transitioning your business to a paperless farm office administration system.

This workshop will provide participants with the key knowledge and tips and tricks to develop and manage their own paperless farm office. It focuses on using technology to increase the productivity and efficiency of the administration and management side of the farm business. The workshop does not cover application or integration of machinery software.

Who should attend?

All members of the business who are involved in administrating or managing the farm office.

TOPICS COVERED

- Equipment and connections
- Efficient scanning
- Internet & enhancing your data use
- Data storage & security (including cloud storage)
- Back-ups & virus protection
- Efficient email communication and management
- Electronic storage and management of:
 - Finance records
 - Plant & Machinery records
 - HR records
 - Operations, livestock & technical info
- Mapping your paperless system.
- Tips and tricks for improving efficiency

COST: \$275 (inc GST) for the first person from a farm business. \$165* (inc GST) for any other members of the same business

- *No discount for non-farm bus.
- Includes workshop manual & catering
- Minimum 8 farm businesses.
- Maximum 20-25 participants.

Free mammograms for TAMBELLUP women

If you are a woman aged 40 or over you can access the FREE screening mammography service in Tambellup. BreastScreen WA's mobile service will be located at Tambellup Shire Hall, Norrish Street from 6/08/2018 to 8/08/2018.

Breast cancer is the most common life threatening cancer for women and one in eight women in Australia will develop breast cancer in their lifetime.

Having a screening mammogram (breast x-ray) every two years significantly increases the chance of a woman surviving breast cancer and reduces the amount of treatment required. More than 75% of breast cancers occur in women over the age of 50. Research shows that screening is most effective for this age group.

BreastScreen WA's Medical Director Dr Elizabeth Wylie, said screening mammography was the most effective method for early detection of breast cancer.

"Screening every two years is vitally important to increase the chance of a breast cancer being detected when it is too small to feel or be noticed. Finding a cancer at this early stage often means that the breast cancer is small and more treatable".

"A free screening mammogram is one of the best things that women can do to look after their health. Breast screening saves lives and only takes 20 minutes," said Dr Wylie.

Screening mammograms may detect 70-90% of breast cancers.

Any woman with a persistent change in a breast should see her doctor immediately.

The mobile service will then be moving to Gnowangerup and Lake Grace.

BreastScreen WA encourages women to make an informed decision about having a mammogram. For more information please visit the BreastScreen WA website www.breastscreen.health.wa.gov.au

To make your free screening mammogram appointment – book online www.breastscreen.health.wa.gov.au or call 13 20 50.

Early detection is your best protection.

ENDS

Media contact: Brian Cowie | Media Coordinator North Metropolitan Health Service

CHIMNEY AND FLUE FIRES

You may be thinking about organising your flu shot, but are your chimneys and flues ready for winter?

Each winter, fire fighters attend many house fires due to ash, soot and combustion residue that has built up inside chimney flues.

This residue can ignite causing a fire. In most cases you will see flames shooting out of the top of the chimney!

To make sure your chimneys are ready, we recommend you:

- ☑ Check the heater, fire place brickwork, chimney and flue *before* lighting your first fire of the year to make sure it is clean.
- ☑ Look at purchasing some additives you can put in your fire while its burning that can help reduce residue build up (check out your local hardware store).
- ☑ If your fireplace chimney is brick, check that the surrounding brickwork has not cracked. This can reduce the chance of a fire creeping through the course in back wall.
- ☑ Ensure that your wood heaters are installed and maintained by a qualified operator.
- ☑ House fires can cause extensive property loss and damage. Most of these are accidental and preventable – so take action now to minimise your risk.

For more information on Chimneys and Flues visit www.dfes.wa.gov.au and you can also download the [Home Heating Safety](#) factsheet.

CRANBROOK MENS SHED

At long last we have finished the floor in of workshop, special thanks to a number of supporters including Elders for the generous support in supplying the cement, Cranbrook Shire for providing some blue metal and delivering our roadbase, Matt Roberts for his generous donation of sand and the use of his 'helicopter', Hanson Quarry for their donation of roadbase and the able bodied men from Pardelup Prison who visited twice and first levelled the roadbase and then mixed the cement for the floor, wheel barrowed into position and then screeded it nice and level. Well done to Laurie on his expert use of the 'helicopter' which resulted in a fantastic finish on our new concrete floor. In addition to completing the fancy concrete floor the boys have been working on a project for the shire and all going well this will be revealed in the next week or two, I feel sure Sam and Toni will be very happy with the finished project. Now the workshop floor has been completed, and with the return of Kevin from his trip up north, we will be starting work on our next Shed improvement, the installation of our kitchenette. We will be holding our AGM on Thursday the 2nd of August, starting at 0830, after our usual bacon and egg toasted sandwiches at 0800. Our AGM will be followed by our monthly meeting and I encourage any men from the community to either call in for breakfast and have a listen to what's happening, or call in during the day for a cuppa and a chat. We are always looking to encourage more men into the Shed and we welcome the opportunity to show our great Shed off to any visitors. If you would like any info please contact Steve Palin 0429942825 or John De Burgh 0419957962 or just drop in on a Thursday.

Tambellup Lions Club 40th celebration

In towns and cities around the world, are found a band of brothers
Whose ethos is the common good, in care and help of others.
Drawn from different walks of life (philanthropic by design)
They form the world wide service club, referred to as The Lions.

The origins of this service club date back 100 years,
When Melvin Jones from Illinois, addressed his business peers,
Suggesting "those in commerce", if joined collectively,
Could have an impact on the world, through their communities.

In the year 1917, Americans endorse this vision
To formulate a body, with humanity as its mission.
The association of Lion Clubs would be their chosen name
And in the span of 3 short years gains international fame.

Lions Club International, is the largest service club,
With 1.4 million members, serving at its hub
From different creeds and cultures, the vision stands secure,
And 46,000 individual groups will see the club endure.

At the clubs foundation, the membership was men,
But with the passing decades; things have changed since then,
And so in 1985 the charter was amended,
With invitations to the women duly being extended.

The symbol of blue and yellow with Lions heads either side
Denotes a club with projects, that's recognised worldwide.
They've focussed on some programmes regarding eyes and sight,
Especially in the third world zones, where blindness is a plight.

As well as hands on projects, the Lions Club undertakes,
To form a global network, where good will is at stake.
By understanding others and friendship as its base,
They fulfil foundation concepts: and the worlds a better place.

The profile of our local Lions, is seen in several ways,
Busy bees to cut up wood, to warm those winter days.
Old batteries when collected raise funds as they are sold,
And the entrance statement to the town "Big Willy" large and bold.

This evening here in Tambellup we share in celebration
Of 40 years of service since the local clubs foundation.
And members past and present, in reflection can observe,
The efforts and achievements, from the club, who aims to serve.

RECYCLING FACTS

The 5 Things That Are Wrongly Placed In Recycling

1. Recycling items wrapped in or placed in a plastic bag(all goes to waste)
2. Textiles, clothing and shoes
3. Electronic waste (anything electrical)
4. Polystyrene (meat trays, veggie trays etc)
5. Nappies (really, who would think you can recycle these!)

Items Which Should Be Placed In Recycling Bin

1. Plastic containers (lid OFF and rinsed)
2. Glass and ceramics - whole and broken
3. Paper, glossy magazines, junk mail and cardboard products.
4. Metals such as steel and aluminium cans and tins.

*Follow these simple steps to stop
legitimate recycling items go to land fill
as they are contaminated once the
wrongly placed recycling items are*

we meet every first Tuesday of the month, just for friendship, fun and fellowship. If anyone is interested (of the more mature years!) please contact Helen Bignell 98 241270 for any info.

To the Editor

I am in need of help from your readers. I have emailed you because I am told that the area of Tunney falls within several shire boundaries.

My story is.....

My Great Great Grandmother Elizabeth Hutton Nee Churchill remarried after her husband's death. She married Thomas Norton. In 1871 they had a son Samuel John Norton.

According to family stories, in about 1880 Thomas Norton was travelling with Samuel near Kojonup. They stopped to camp by a stream for the night at a place called "Tunney". The people who lived there (their name not recorded) asked young Samuel up to their house for the night to play with their children. Thomas Norton agreed but said that if Samuel wasn't back at camp by a certain time in the morning he would leave without him. When Samuel arrived early the next morning his father had left without him. The family he had spent the night with raised him with their own children.

According to family notes, Elizabeth was inconsolable when Thomas returned without Samuel. He refused to collect Samuel and they separated. Elizabeth's son from her first marriage Thomas Giles Hutton located Samuel and they stayed in contact. Thomas Giles Hutton visited Samuel when he was in hospital just prior to his death. Samuel Norton never married. Samuel died in the Kojonup District Hospital on the 22 July 1932. In the West Australian paper dated 30 July 1932 his death as recorded:

I have tried to find out where Samuel was buried and the name of the wonderful family who took him in without success. I have written to your paper in the hope that among your readers maybe there is someone who can tell me more about where Samuel now rests and about the kind family who took him.

Tambellup Seniors Day Club

Our monthly meetings are held at the Tambellup CWA Hall on the **First Friday of each month at 1:30pm.**

All members and any persons interested in joining with us would be most welcome for a social afternoon with Ronnie Whitmore our HAAC lady.

We all join in for some quiz games and sometimes Bingo, in an informal afternoon with a small cost of \$1.00 and then a cup of tea with a biscuit.

In the warmer months we travel on the HAAC bus to places of interest for the day, so there is always something to keep us busy. If you are a senior come and join us. Inquiries phone 9825 1167

Tambellup Card Players Group

Every Wednesday afternoon at the Tambellup CWA Hall 1—4pm (or later), cost \$3.00. Everybody welcome.

Advertise your local community groups meetings or get together in Topics

Email tbtopics@gmail.com

Or drop the details into the Tambellup CRC or Shire of Broomehill – Tambellup.

Its free and easy!

MAKING SENSE

Part 3

by "Fossil"

Two features are apparent when we look at the current landform of Broomehill-Tambellup. The immense age of the Yilgarnia Base can be seen clearly in the uplifted sedimentary layers of our nearby Stirling Ranges. At the top of Mt Toolbrunup a measurement of 2,800 million years is surpassed only by the Shields northern boundary in the Pilbara.

A recent European based expedition identified what is believed to be a giant jellyfish type creature in the upper sediment and a solitary fish fossil has also been found lower down - both on Toolbrunup. This in turn leads to our second overriding feature - water.

But was it seawater or freshwater? Wisdom would suggest the latter.

The Yilgarn Shield is believed to be one of only five continental cores making up the earth's crust - the building blocks. Once substantially deeper than we see today, their sediments eroded and added to their margins - in our case the Bremer Basin and the prime mover for Broomehill-Tambellup - the ancient Coblamine River or (Paleo Channels).

A recent WA Government departmental paper shows the Coblamine as terminating roughly halfway between Broomehill-Tambellup at Peringillup, and after this its course is uncertain. No doubt the progressive uplift of the Stirling Ranges at some stage became a factor in the river's course into Gondwanaland. The term progressive is used because it seems likely the Stirling's - Moonies Hills - Flat Rocks uplift may not have been a singular event, and this in turn influenced the drainage course, perhaps even over several millions of years. Quite unlike the present Gordon-Frankland to Nornalup drainage pattern.

In 2015 the Department of Water announced the discovery of an ancient Paleo Channel of fresh water flowing into Torbay - in places up to 3km wide and 25kms long with a spur heading toward the western end of the Porongurups at Mt Barker.

Some eight kms north of Mt Barker, and close to Albany Highway, a swamp can be seen at high elevation - further through Kendenup and Lake Matilda and northward a similar swamp near Grahams Well at Flat Rocks - just maybe the Coblamine did flow into the Kalgan-Torbay system. King Georges Sound suggests a very large volume of water was once flowing.

Our previous "part 2" spoke of Madjenapurdap Lagoons close to Tambellup townsite and heading toward Toolbrunup and Camel Lake in a south easterly direction. Was this a consequence of the Stirling Moonies Hill uplift? To this writer, the sequence makes sense.

Also it would seem making sense is the large volume of sediment, mainly silica sand, coming against the uplift to the south and west, being trapped between Peringillup and Cranbrook and eventually being deposited by prevailing winds, with the present day Gordon River at precisely the westing margin.

Remarkable is the only word to describe the fact that hardly a barrow load of sand is to be found on the western side of our Gordon River - there are minor exceptions where water has cut a new course. It would seem that though flowing in most years it is really a series of separated pools - odd ones up to a mile long and up to 4 metres deep.

Prior to mid 1940's, most pools were fresh and right up to 1947 marron, fresh water perch and gilgie were caught at Kylobunup close to Tambellup. The river pools are undoubtedly being fed from near surface fresh and saline streams which, together with seasonal rainfall runoff, maintain reasonable pool levels. Currently at approximately 1600m⁵/m which is consistent with many farm saline relief bores. Some Landcare bores which have been flowing under siphon for the past 18 years are showing signs of becoming fresher - in one case from 1400m⁵/m down to 800m⁵/m - the message from this evidence being we should be attempting to keep the pools flowing. With technology advancing are such a rapid rate in early 2000' our river pools and substantial near surface saline resources could yet prove a very important boost to farm viability.

Ironic in the sense that a little over 100 years ago Tambellup's enigmatic surveyor engineer, James Crawford, told the visiting Premier of Western Australia, that the district had the potential for it to be a "Garden of Eden" because of the freshwater river - doubtless he thought Broomehill and its Twonkawillup pool likewise.

Realistically though, for a moment, what are the chances of our river becoming fresh water again - or for the need to be so? You may recall that earlier in this series we were talking about mother earth having the ability to adapt and recover and in this segment the sedimentary layers exposed on Mt Toolbrunup with its jellyfish like fossil and its fish. Well, just for the record, buried in archives is a record of a core sample taken from the Gordon River near the old Tambellup West bridge - successive layers of fresh and saline sediments - - "been there before" - "Making Sense".
